A GROWING NEWSPAPER A GROWING COMMUNITY

Vol. 64, No. 29 CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA 10c Thurs., July 19, 1956

Post Office Outgrows Present Quarters Here

Campbell needs a bigger post office (at least twice the size of the present one) and chances are it will have same, come July 1, 1957, one way or 'tother—

This was made clear this week when the Campbell Chamber of Commerce was asked to assist in the search for larger quarters by Postmaster Ira Grim and F. H. Dempsey, postal inspector in charge of buildings for this area.

Postmaster Grim said that the lease of the present quarters on Campbell Ave., near First St., runs out on June 30, 1957 and by that time it will be either necessary to have the building it now occupies enlarged to twice its present size or the post office must move to new location.

The postmaster said that a lease on an adequate building in which there must be at least 5000 to 6000 square feet of floor hpace would be for 10 years with an option for another 10-year period. One important factor that enters the picture is the space needed for parking the post office vehicles. Accessibility as to entrance and exit for the trucks also must be considered. Grim said that the local office now operates six trucks and will probably have twice that many in a few years.

Agents Work on it

Several real estate agents in Campbell have been aware of the situation and have been working on some solution to the housing problem. The Chamber of Commerce was called into the picture this week to (1) try to speed up the search for a new home and (2) try to come up with the answer as what would be the most suitable location in town for the office.

According to both the postal and C. of C. officials, several spots have been suggested as possible new sites. Sam Cava, secretary-manager of the Chamber, said that the matter would be presented to the newly appointed Merchants Committee of the Chamber of Commerce at its first meeting tonight.

Suggested Spots

One location suggested is the old Methodist Church building on Campbell and First St. Another is the two now residential lots on Second St., just off Campbell and still another one is a spot directly across from the new city hall on Central Ave. Still another is a site in the rapidly developing shopping area at Winchester and Latimer.

Cava said that most C. of C. members who have been contacted feel that the post office should be located somewhere between Second St. and Central but that a more definite opinion should be ascertained tonight when the Merchants Committee meets.

Merchants' Group Convenes Tonight

Campbell's newly appointed Merchant Committee goes into action tonight when the 11-member body meets at the Chamber of Commerce office to elect a chairman and take up other matters that will be presented by Sam Cava, secretary-manager of the C. of C., its parent body.

With the approval of the Board of Directors of the Chamber, Milt Nelson, president, appointed the 11 members on Tuesday. All those appointed subsequently agreed to serve.

Named to the group were, Arthur Mayo, American Trust Co.; Mario Saia, Double AA Market meat department; Eddie Wright, Lee Bros Market manager; Richard Salice, Aero Pharmacy; Dave Ribble, Campbell Stationery; C. C Norment, Union Oil Service Station; Emily McConnell, Rachel's dress shop; Guy F. Justo, Guy's Furniture; Frank Accardi, Accardi's Home Appliance; George Jeffers, Jeffers Mens and Boys Wear; and Mildred Tewksbury, Sno-White Drive-In.

The group after naming its chairman tonight will discuss (1) the relcocation of the Campbell post office which must find larger quarters; (2) the Campbell booth at the Santa Clara County Fair; (3) the date for next year's Old Settlers' Day and whether the parade should be on Saturday or Sunday; (4) unauthorized solicitations in the city.

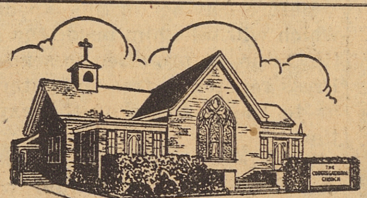
WE'LL SEND THE PAPER

If you are a subscriber to The Campbell Press and have a friend or relative who is now hospitalized, whom you think would enjoy reading your hometown newspaper, just call The Press and a copy of the paper will be sent on its way to the hospital at no charge.

A phone call to FR 8-0082 is all that is necessary. Or drop us a postal card or use semaphore signals or

ON VACATION

The administrative offices of the Campbell Union (Elementary) School District will be closed this week and next to allow for vacations, Superintendent William C. Henley reported.



1889-1956

Church Observes Farewell Service

After holding services on the same site since 1889, Campbell's Congregational Church will hold their farewell service at the old church this Sunday, July 22, when Dr. Corwin Olds, pastor, will deliver the farewell sermon.

Although a number of changes and additions to the original building have been made during the past 67 years, the old church still stands on the original site and with its rapidly increasing membershp, the old building can no longer accommodate the growing congregation.

Dr. Olds states that within the past eight years, membership has considerably more than doubled and at the present time approximately 450 families attend services. This rapid growth necessitated the addition of an assistant pastor and the Rev. Del Hollenberg was named to that post about a year and a half ago.

Dr. Olds attributes the increasing membership in his congregation to the tremendous population influx in the area, which is also reflected in other area institutions, including, of course, the schools.

Services in the new church on West Campbell Ave. will be held the following Sunday.

Council Postpones Action on Budget

Because the 1956-57 budget for the City of Campbell needed last minute revisions at the hands of the city auditor, William Cooper, the City Council on Monday adjourned the meeting until next Monday, July 23, when the budget will be the main item on the agenda. This meeting will be held at the Fire Station.

Without the budget the City Fathers sped through their agenda at record-breaking speed but still managed to cover a varied number of subjects, ranging from spraying trees to the adoption of the once delayed emergency ordinance requiring rabies vaccination for dogs and including flood control and street improvements.

The Councilmen also came up with one of their rare divided votes when Councilman Richard Morton opposed the motion that would allow Officer Gordon Rooney to be paid prior to leaving on his vacation. Morton argued that paying employees in such a manner was contrary to the established pay schedule and was not good practice. The other Councilmen on the other hand, felt that is was almost a necessity nowadays for any

(Continued on page 2)

City Signs Contract For Church Purchase

History was made last Saturday in Campbell when two representatives of the Campbell Congregational Church and two representatives of the City of Campbell affixed their signatures to the contract which gave the City of Campbell ownership of the church building occupied by the Congregational Church since 1889.

The City will officially take possession of the building on Central Ave. on August 1, although the date of the contract reads July 14. The church congregation will hold its final services this Sunday in the building but will begin the move to the new $167,000 building on West Campbell Ave. during the week. The first services in that structure will be held on July 29.

Acquisition of the church property will fill a long-felt need for the city administration. City departments have occupied makeshift quarters ever since the city was first incorporated in 1952.

The total price for the property is $36,000 of which $15.000 was paid with the signing of the contract and $21,000 will be paid by the city before the end of the fiscal year, June 30, 1957. It is expected that cost of remodeling will be close to $20,000.

Signing the contract on behalf of the church was R. L. Rasmussen, chairman of the board and Mrs. W. R. Morgan, secretary. Mayor John M. Chargin and City Clerk Dorothy Trevethan were authorized by the City to put their names on the official document.

Got Your Number?

Is your number showing?

W. L. (Bud) Morser, city building inspector, reported to the City Council this week his office had completed the sending of notifications to all residents as to what their new house numbers are under the new city house renumbering ordinance.

He said that it was mandatory under the ordinance after July 1 for all residents to post their new numbers but many residents had not yet complied with this requirement. He appealed to local residents to cooperate in alleviating the confusion that now exists by old numbers being up in some cases, new ones in other spots while in still others there are no numbers at all.

The carrier boys of The Campbell Press through their circulation manager, Vern Tacy, also appealed to local residents to try to get the right numbers on the houses. Especially with new subscribers the kids are having a heck of a time.

This Is NOT a Phoney Deal!

—o—

Ask the telephone company if you want to know how much Campbell is growing!

"Pacific Telephone has been installing telephones faster than ever before", T. K. Nordheim, Telephone Manager said, and that is a keen indicator of a community's size.

Campbell has over 8900 telephones in service as compared to 905 the end of 1945, or a gain of 989%! Last year some 1100 were put in and already this year over 970 additional installations have been made.

To meet the expansion program in and around Campbell, the company has invested about $1,800,000 in buildings and equipment here. It spent more than $160,000 of that in 1955. In December of 1945 the total plant investment was only approximately $149,000.

Nordheim said, "Total Ad Valorem property tax payments on all property assessed to the company within the City of Campbell for the fiscal year of 1955-56 amounted to $26,440.08."

District Lets School Contract

Construction of the new $319,000 Sherman Oaks School of the Campbell Union (Elementary) District will begin immediately and it should be ready for occupancy by January 1, 1957, the Board of Trustees of the district reported this week.

The district signed the contract last Thursday with Samuel E. Barth for the new school which is located on Fruitdale Ave. Barth also submitted the low bid of $95,000 for the addition of three classrooms to the Cherry Lane School and two classrooms to Quito School. The additions at the two schools are expected to begin i ntwo weeks for December occu- in two weeks for December occu-

The meeting last Thursday was the first one to be presided over by John Dixon, new board president, who was elected at the special meeting of the board on July 2. Donald F. Hartman was elected clerk at the same time.

At Thursday's meeting the trustees also approved bids for furniture for the Monroe School addition for approximately $13,000. The major amount of the bid was awarded to the American Seating Company for classroom desks and homemaking and shop furniture for approximately $10,000.

Signal Change Gets Green Light

State to "Unblock" Street

Residents of that part of Campbell Ave., which lies east of the intersection of the San Jose-Los Gatos Road, who have been going through a traffic nightmare since the installation of the signals at that busy intersection, can now rest easier. There are going to be some changes made.

This was the assurance given The Campbell Press this week by R. D. Kinsey of San Francisco, assistant district engineer of the State Division of Highways in charge of maintenance operations for this area.

The State official told The Press that the installation of an additional signal controlled by pressure detector will start immediately. In addition, he said, the location of the present cross-walk and pedestrian signal will be moved a number of feet further south. An additional overhead light will also be placed at the intersection near the street that had been more or less blocked since the advent of the traffic lights.

The engineer said that is was possible for the work to be started this Friday.

Long awaited by residents of this area, there was much rejoicing by most people when the traffic lights at that intersection began operating last weekend. But the rejoicing was not for some 27 residents of E. Campbell Ave. and Bill Harrison owner of "The Virginian", popular eating place on the corner.

Apparent Oversight

Through an apparent oversight in the installation of the compli cated traffic light system at the intersection, that part of Campbell Ave. east of the San Jose-Los Gatos Road became as effectively blocked off as if an iron curtain had been dropped in front of it.

Those who live in that section of the street (it is a dead end thoroughfare) found that they were taking their lives in their hands when they attempted to get onto or across the busy SJ-LG Road.

Northbound traffic on that road when stopped at the light, because of the jog in the two Campbell avenues — especially during the heavy traffic, "covered" the entrance. Also because of the jog the signals that governed the traffic on the main part of Campbell Ave. could not be seen.

On the other hand, if motorists tried to move onto the highway when the traffic was speeding by, it was a dangerous and precarious procedure, hard on nerves, fenders and brakes (not necessarily in that order).

Lewis Leads Attack

To William O. Lewis, 1236 E. Campbell, a retired Navy civilian employee, and a resident of the forgotten street for 15 months, goes the credit for spearheading the movement which brought the State into the picture and the assurance that something would be done about the nightmarish situation. And fast.

Lewis contacted other residents and Harrison at "The Virginian", who also was perturbed over the situation because of the danger involved when customers entered and left the restaurant. Through his automobile club, Lewis contacted Robert C. Worriner, highway superintendent in this area. Worriner immediately started action through his office to see what could be done to rectify the situation.

Lewis who worked as a draftsman in the Navy presented a good case complete with a drawing of the intersection showing the cause of the "block".

Nerve Shattering

Lewis told The Press that it was a nerve-shattering experience every time he had tried to get across the street.

"When the traffic is stopped for the light", he explained," the street is blocked. When the traffic is moving, we must barge in the best way we can, going against signals and trusting to the brakes and the courtesy of the oncoming cars."

He had suggested that the present cross-walk which, he reported, is now 12-feet north of the northerly curb line of Campbell Ave. be moved and that traffic on San Jose-Los Gatos Road be stopped at it.

With the installation of a brand new traffic signal and the moving of the cross-walk, the problem will be totally alleviated through the fast-moving action of the State.

The nerves of the residents on the once forgotten street, as well as those of Bill Harrison and the rest of the crew at The Virginian should soon be back to normal.— G. V.

SIGNALS ALL OVER THE PLACE . . . Long awaited by residents of this area,, the traffic signals at the intersection of Campbell Ave. and San Jose- Los Gatos Road started clicking last weekend. Everyone was happy at first until the residents of East Campbell Ave: (east of the S. J.-L. G. Road) found themselves virtually fenced in. But everyone was happy once more by the end of the week because the State has promised to rectify the situation by installing another signal and move the present cross-walk. The top two pictures show the cars on the heavily traveled S. J.-L. G Road stopping for the signals. The arrows in both pictures show where the new signal will be placed. In the bottom picture Larry Oreglia, son of the owner of the Double AA Market, located just a short distance from the intersection, pushes the button to "WAIT" at the pedestrian cross walk so that Mrs. Edson G. Jones, 795 W. Rincon, can make her way across the thoroughfare. —Campbell Press photos.

Planners to Act On Zone Changes

Campbell's City Planners tonight at their meeting at the Country Woman's Clubhouse will again take up the zone-change on the San Jose-Los Gatos Road which was held under advisement from the previous meeting.

In addition, the Planning Commission will set the time and place for the public hearing on the application of Mr. and Mrs. Bert Burda for a change in zone from residential to commercial on property located at 50 Mission Way. Previously the Commission had denied the Burdas a zone change from residential to industrial at the same location.

The Commission will also set a hearing date on the zone change application from residential to commercial of Serafina Chinazzo. This property is located on the southeast corner of Los Gatos-Santa Clara Road and Kennedy Ave.

A tentative subdivision map of the J. M. Dahl property is also on the agenda for approval of the Planning Commission.

SALES TAX SITUATION

Campbell sales tax ordinance now being drafted by Joseph Bonacina, city attorney, will be presented to the City Council at the July 30 meeting. The sales tax will go into effect October 1.

ROTARY CLUB CITES PAST PRESIDENTS

Bill Maderis and Cel Gerevas were awarded certificates at last Monday's Rotary Club meeting, in appreciation of their services during their terms as past presidents of the club. Merv Willoughby, president, made the presentations.

George Miskulin made an announcement of the baseball game scheduled for Monday between Campbell Rotarians and Kiwanians.

Ray Strong and Wayne Hopp were presented with Rotary Club pins at Monday's meeting, officially launching them into the local group's membership.

On The Line in Campbell

Chief A. R. Smith, Jr., in charge of the U. S. Navy Recruiting Station in Room 227, Post Office Building, San Jose, reported this week that the Navy has increased promotional opportunities for petty officer to 52 per cent of the enlisted strength. This will be the highest number of Navy petty officers since World War II.

—o—

Bellarmine College Preparatory in San Jose announced this week that three students from this area have been accepted for enrollment as freshmen in the school. The three are, Paul Martin Tumason, 795 McBain Ave., son of Mr. and Mrs. Albert M. Tumason and a graduate of St. Mary's School, San Jose; Rodney Earnest Sozza, 713 El Soyo, son of Mr. and Mrs. Ernest Sozza and a graduate of Cambrian School and Jeffrey Lee Abate, 855 Dry Creek Road, son of Dr. and Mrs. Leo J. Abate, also a graduate of the Cambrian School.

—o—

The Methodist Youth Fellowship will conduct a "Car Wash" this Saturday, July 21, from 8 a.m. through 5 p.m. at the parking lot of the new church on Winchester Road. Funds raised will go to finance several service projects in which the group is engaged in this summer. A charge of $1.00 per car will be made.

—o—

Charles Livingson, president of the Campbell Junior Chamber of Commerce, has reported that Burt Reynolds heads the queen contest committee for Campbell to pick a Miss Campbell at the Santa Clara County Fair. All unmarried girls who are not professional models are eligible for the contest. Entry blanks may be obtained by contacting Livingston (FR8-2206) or Reynolds at AN 9-1815).

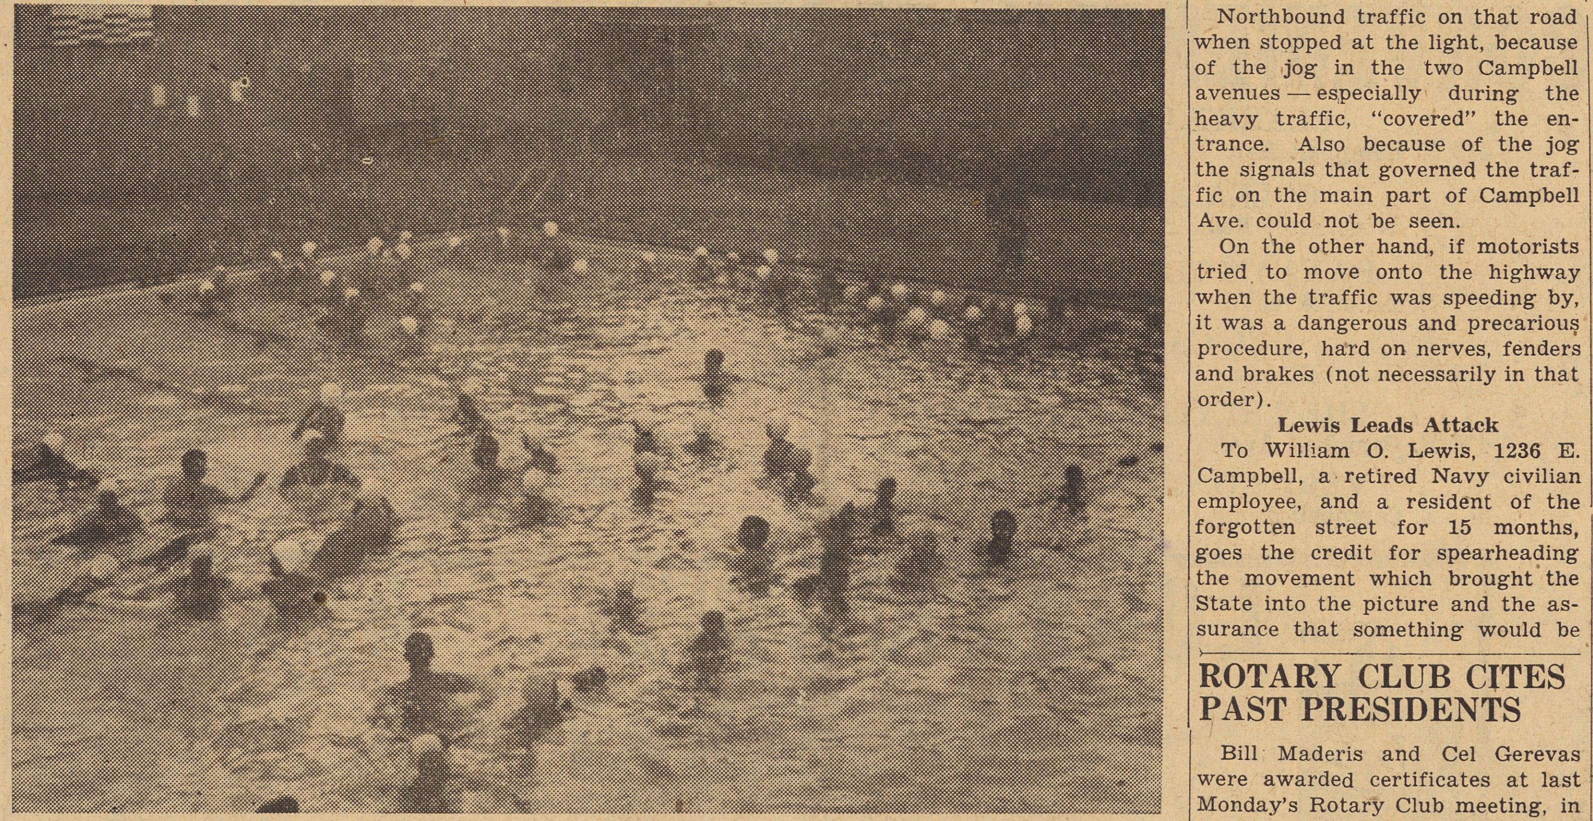
—o—

Officer Dick Mayne of the Campbell Police is on a vacation this week and Officer Gordon Rooney will leave upon Mayne's return. Officer Robert Allen, high man in the recent patrolman examination, has been employed as vacation relief. Sgt. John Morgan and Chief Robert Locke have already had their vacations.

—o—

It wasn't the Fourth of July but many residents gathered in the streets on Tuesday night to watch Mother Nature put on a fireworks display that outshone any man-made jobs. The "most unusual" summer electric storm raged over the Central Coast region on Tuesday night, sending down lightning strikes that touched off a number of forest fires and knocked out power for a time in Gilroy, Morgan Hill and Coyote.

The storm hit the Santa Clara Valley from the south and caused very little but curiosity among the populace once they found out that it was a natural prenomena and neither atom bombs nor jet planes were involved.



FROM THE HIGH DIVING BOARD — The Campbell Press photographer had to climb to the top of the high diving board to take this shot of the Campbell High School swimming pool where members of the adult swimming classes are cavorting. The adult classes have proved to be one of the most popular features of the entire swimming program with almost 200 now enrolled. Classes have been extended to Friday evenings in addition to the regular Monday and Wednesday sessions from 7:30 to 8:30 p.m. Recreational swimming follows at the pool from 8:30 to 9:30 on all three evenings. Bill Perry, pool manager, Len Scroggins, Miss Gloria Saia and Miss Mardell Sanders, instructors, hold four classes each evening: two for beginners, one intermediate and one advanced class. Bill Perry stressed that attendance at each session is not compulsory, as a review of previous lessons is given each evening. He also stated that adult lessons continue to October, and start again early in the spring. Enrollment ages to date range from 18 to 63 years.

NEW CHURCH DEDICATED . . . Dedication ceremonies last Sunday, marked completion of the first phase of the building program of the First Baptist Church of El Quito Park. Construction on the building, which is the educational plant, was started two years ago and the first services were held there on September 4, 1955. Herbert J. Hoover, former pastor of the Grace Baptist Church of Santa Rosa, took over the pastorage of the church on July 15, 1955 and observed his first anniversary as pastor on Dedication Sunday.—Campbell Press photo.

Larry Weber Is Kiwanis Speaker

Larry Weber, Campbell Union High School senior, was guest speaker at Tuesday's Kiwanis Club meeting, when he reported on his attendance at the Bay Scout Conference at Stanford recently. The affair was an all western states vocational conference.

Larry has been an active Boy Scout and is now a member of the Explorer Scouts under leadership of Ken Robison.

Perfect attendance pins were awarded three members, with Ray Mathis heading the trio with 17 years of perfect attendance; Herb Shadle came in second with 13 years and Sam Reed for one yaer of perfect attendance.

Kiwanis Club members will meet their challengers, Campbell Rotary Club, in a baseball game at the High School field at 6 p.m. Monday. Wayne Fontes is coach and manager for Kiwanians.

Injuries Fatal To Bridge Job Accident Victim

Funeral services are pending at Darling, Fischer and Faber Memorial Chapel in Campbell for Louis O. Thomas, 45, who passed away Tuesday after being injured on July 9 while he was working on a bridge installation at Bayshore Highway and Coyote Creek.

Mr. Thomas was taken to San Jose Hospital after the mishap when he was hit by an 800-pound bridge form that swung loose from a crane, and was found to have sustained a fractured spine and severe internal injuries.

Born in Texas, Thomas lived with his family at 117 Gilman Ave. in Campbell for the past two years. Surviving are his wife, Helen E., a son, Harold D. and a daughter Jennette.

LET THERE BE LIGHT!

San Tomas area residents are getting a little weary from some of their efforts to get lighting and to have a new bridge constructed on Lovell Ave., but to date, nothing has been done about either.

After being approached by a large number of people, the San Tomas Improvement Club initiated a petition and other action to provide lighting for the district, and after much red tape, were promised that lights would be installed in the area by the middle of this month.

However, to date, lights have not yet been installed, although, according to a P. G. and E. representative, the project has been held up because of the glass shortage, due to the fact that the General Electrict plant has been closed. It is understood that the order has been placed with another company and they have been promised delivery on July 23, and the project should be completed before August 1.

Another grievance is that the Lovell Ave. bridge which was washed out during last December's floods, has not been rebuilt as yet. The demolished bridge block is an inconvenience to residents close by as it necessitates some of them to drive a mile out of their way to get around the bridge.

Although the San Tomas Improvment Club has submitted many request to County officials, no reply on the matter has been received as yet.

On European Studytour

Rev Neale Sends Report to Press As He Goes Behind Iron Curtain

The Rev. Herbert Neale, pastor of the First Methodist Church in Campbell, left on June 23 on the "Studytour" of Europe. The group is made up of representatives of all walks of life and will spend 28 days behind the Iron Curtain in Russia.

The following letter written to The Campbell Press is the first of a number that Rev. Neale has promised the paper during the tour. The letter tells of his visit to the Swedish Methodist Conference. The Studytour will return to this country on September 1.

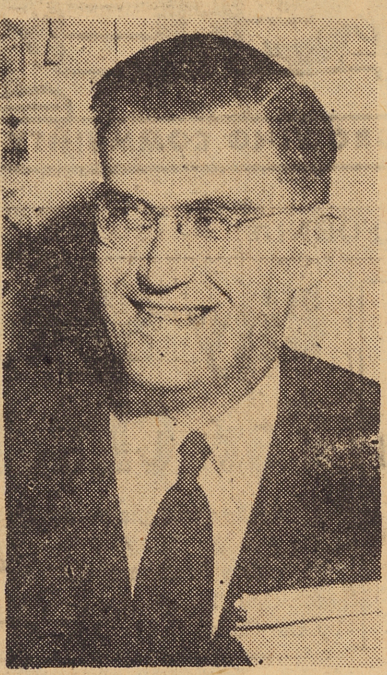
The letter was written just prior to taking off for Leningrad, the first stop behind the Iron Curtain:

REPORT FROM HELSINKI

By Rev. Herbert W. Neale

Rev. Myron Herrill, pastor of the First Methodist Church of Burlingame and I were received graciously here by Bishop Odd Hagen and members of the Swedish Methodist Conference. This conference includes all the Methodist churches in Finland, Norway, Sweden, and Denmark, so it was a great gathering. Our visit occurred on Conference Sunday when Bishop Hagen preached and conducted the Ordination Service. Emphasizing the world-wide unity of the church, he spoke from the text found in Acts 2:4 "They were all filled with the Holy Spirit and began to speak in other tongues, as the Spirit gave them utterance".

Following the message, we were invited to march in the ordination processional and share in the "laying on of hands" in the ordination service. This was truly a dramatic and moving moment as we joined with the Bishop and four Finnish Methodist pastors in ordaining a new Elder in the Methodist Church. A traditional coffee hour followed in the hall of the adjoining Children's Home.



REV. HERBERT NEALE
. . . Behind Iron Curtain

There we conveyed greetings from Bishop Tippett of California, our Northern California Conference, and our local churches. Bishop Hagen's response thrilled us as he asked us to bear their expression of Christian unity and good will behind the Iron Curtain. This request carries special meaning since only two weeks ago Bishop Hagen received the first official word from Methodists in Estonia since 1940. He hopes to visit them in the near future.

Bishop Hagen told us this morning, "The Church must be radical if it is to be living. It must deal with the vital needs of people today". Let us thank God that all of us can be a part of the living expression of the Body of Christ today.

Tomorrow we fly to Leningrad, our first stop behind the Iron Curtain.

Pelargoniums, or Geraniums as they are commonly called, add a fine color touch to summer gardens. There are as many hybrids and varieties of the many Geranium species and you can have plants in hues of ox-blood, purple, cardinal, salmon and many others. Geraniums are easy to grow, too. See your nurseryman for a selection now.

Surface rooted Rhododendrons, Azaleas and Camellias like mulch of oak leaf mold to protect them during hot summer days. The California Association of Nurserymen recommends the mulch be spread over the rooting area and kept moist.

Writes To Press

Campbell Resident Takes Part in 'Operation Dew Line' Expedition

EDITOR'S NOTE: Ed Fries, who resides at 120 E. Kenneth Ave., when he is not taking part in some governmental expedition, is at present participating in "Operation D E W Line" which means "Distant Early Warning Line".

Before leaving on the expedition which will take him inside the Arctic Circle, he promised to send The Press reports at frequent intervals as to the progress of the expedition.

So far we have received two communications from him which we think will be of interest to people in this area. In the first he explains the general idea of the expedition and the second (just before the expedition shoved off on Monday) tells of the final preparations.

By Edward G. Fries
(first report)

We are on the first leg of operation D E W Line. Dew Line means Distant Early Warning Line:

Dew Line is a Radar Dome Line which extends from Point Barrow, Alaska, clear across the Tundras of the Arctic circle. When completed in 1958 or 59, it will have cost the U. S. Taxpayers over 490 million bucks.

Each site is approximately 225 more or less miles apart in order to scan the Siberian and Northerly approaches against a sneak attack by air.

This will give the States four to six hours notice, in case of a sneak attack. In conjunction with Dew Line, Canada, is building a "Mid Continental Line" of Radar Dome Scanners, which runs East and West through the Center of Canada. Then on the Cadadian and American Border is the "Pine Tree Line".

We will assemble for the Dew Line Expedition at Seattle. I will leave with the first wave, accompanied by huge Ice Breakers, Survey Ships, Light Cruisers, Machine Shop Ships, Floating Dry Docks and Navy Tankers and Tugs. Over 120 ships will participate in the expedition. Only a few ships will penetrate in the NE-NW Passage.

(Second Report)
Seattle, Wash.
7-11-56

We are leaving here next Monday, July 16th for the start of 1956, Operation Dew Line. As you will note, I've got a new address, which will facilitate a speed up of our mail service, to three times weekly.

Tomorrow we receive our inoculations, tetanus, typhoid, diptheria, and cold shots, in addition to our vaccinations. There will be a lot of sore arms, but I've had so many of these over the years, that I hardly ever notice them anymore.

We will be in the advance party, arriving before the second, third, and fourth wave. From the time we leave here until our arrival back in October, we will never have an unbroken 24 hour alert watch.

Everything is running like clockwork, stores, Arctic clothing, books, magazines, games, radios, electronics, Radar, medical equipment, etc., etc., have been stowed.

The taxpayers of America are getting their money's worth, on this expedition. There is no such thing as National or International security in this day and age. We must show our strength and resolute determination to be strong, remain strong, and be ever vigilant. Freedom cannot be measured in terms of dollars or cents, as Freedom is priceless.

The food is of the best and is very tastely prepared. Here is an average day's breakfast; ½ Honey Dew Melon, Ass't Dry Cereals, Oatmeal Mush, Eggs to Order, Grilled Bacon, Ham Omelette, Plain Omelette, Hot Cakes, Toast, Ass't Jams or Jellies, Coffee, Milk, etc. Every morning there is a rotation in the choice of Omelette and meats, such as Ham, Sausage, Grapefruit, etc., etc. Luncheons are big and plentiful, likewise Dinner.

Coffee, tea, Cocoa are on tap 24 hours a day, as there will be activities around the clock.

I will write my next letter from the Arctic, where we should be, about the last of July.

Fraternally,
EDWARD G. FRIES
U. S. M/V Jumper Hitch
Dew Line Arctic Expedition

person to draw pay for a vacation because of close budget operation in almost every home. Although the motion was passed authorizing the pay, because of a technicality in the certification of the check, it was decided to hold up on the action until next Monday's meeting as Rooney was not leaving until the following Tuesday.

During the meeting the Council:

(1) Received a report from the building inspector showing the activity of the department from its inception in October, 1955, through June, 1956.

(2) Officially denied the appeal of Mr. and Mrs. Bert Burda from the Planning Commission ruling for a zone change at 50 Mission Way after the Burda's attorney, Paul T. Gallagher, had notified the Council that his clients were submitting a new application.

(3) Received a warrant from the county for $1191.02 for June fines.

(4) Held two public hearings at which they approved (1) a zone change in the Sunberry Gardens Unit No. 2 and (2) a zone change for the Milton English property on Winchester Road. Both had been given prior approval by the Planning Commission.

(5) Approved the request of residents on North Second St., that the trees on that street be sprayed for insect infestation.

(6) Passed a resolution urging the Flood Control board and the Board of Supervisors and all county bodies involved urging them to take action on flood control measures immediately.

As good a friend of the gardener as any is the ground cover. It performs a multitude of tasks in the garden and yard, filling in for grass, reducing weeds under shrubs and trees, adding color and preventing erosion on a hillside.

SAVE CAMPBELL STAMPS -- SAVE MONEY -- SAVE TIME

LAW IN ACTION

CHANGING TIMES

The principles of law and justice have held good for centuries; but meantime our society has become complex.

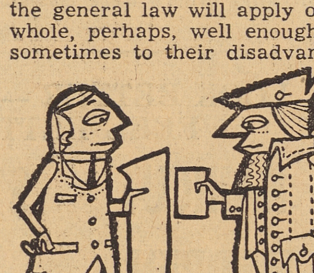
From a simple ranching and mining state, California now takes a lead in industry; and we apply yesterday's principles of right and wrong to today's complex realities.

Sometimes we need to update our laws—more often we have to use better judgment in applying them to the changing times.

1. On the whole, the old rule of law still holds that if somebody harms you on purpose or from lack of due care, you can sue for damages. But in our factories with mass production and automation, you may find it hard to pin the blame on a given person.

So, we have had to set up an industrial accident commission to award money to injured workers on an insurance basis regardless of blame.

2. Or suppose, Joe, Bill, and Ken decide to go into partnership: Joe to make, Bill to sell, and Ken to finance the Widget business. They ask their lawyer for "just a simple partnership contract." Mind you, they can have a simple partnership and maybe it is what they need. But what with taxes as they are, will such a simple document serve them well if their dealings are in fact complex? Maybe they should incorporate, or take a few more pages to spell out how they whack up their profits, or dissolve their partnership: For unless they write these things out in detail, the general law will apply on the whole, perhaps, well enough, but sometimes to their disadvantage.

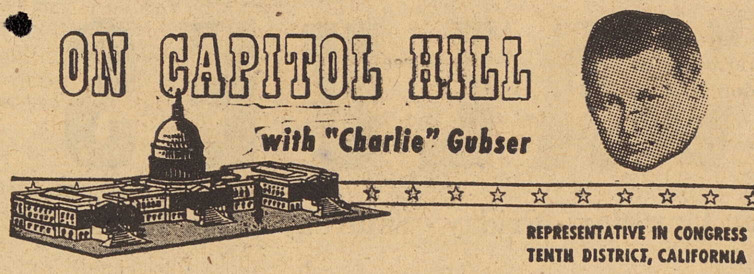


3. A man may ask for "just a simple will" giving what he has, say, to his wife should he die first. But a will that goes a bit more into detail may save money and preserve an estate for a man's children. In some cases, for example, by leaving his property in trust for his wife while she lives, and to go on her death to their children, he might well save on inheritance taxes and other costs.

The point of all this is simple. In changing times like ours, you are still working with much the same tried and true principles of justice as did our forefathers; but it may be harder for us to apply them wisely in our complex world.

Note: California lawyers offer this column for you to know about our laws.

ON CAPITOL HILL



with "Charlie" Gubser

REPRESENTATIVE IN CONGRESS
TENTH DISTRICT, CALIFORNIA

One of the vexing problems mankind has faced throughout the ages is the fact that while in many areas, such as our own, there is an acute deficit of water for agriculture, industry, and domestic use, the greater part of the earth's surface is covered with hundreds of millions of cubic miles of water. The trouble, of course, is that the high mineral content of ocean water makes it unfit for consumption, and thus we have been deprived of its large-scale use.

Probably as long as human beings have suffered water shortages, they have tried to make ocean water useful and useable. In our own day and age, these attempts are being carried forward at a greatly accelerated pace, and if some day machinery and processes are developed which will make large-scale conversion of sea water to fresh water not only possible but economically feasible, the Government of the United States will be able to claim a good part of the credit.

IN 1952, the Congress of the United States passed a law to stimulate the research and development necessary to find "practical means for the economical production, from sea or other saline waters, of water suitable for agricultural, industrial, municipal, and other beneficial consumptive uses". It charges the Secretary of the Interior to carry out the program, and set up research grants, study projects, and experimental stations. Last year, the Congress passed an amendment intensifying this research.

The projects set up so far have made progress, although we still are a long way from the final goal. Among processes used in this experimentation are heat distillation, electricity, solar distillation, freezing, as well as many other chemical and physical means.

A report recently issued by the Interior Department states that "the most promising processes so far developed appear to be able to produce fresh water at costs comparable with the maximum present costs of industrial water supplies. Such maximum costs, however, prevail only under exceptional conditions of service, and any extensive use of freshened saline water is dependent on reducing present production costs. A number of years of intensive effort will be required before a cost level can be attained that will make converted saline water economically available for most purposes."

CLOTHES FOR FISHING

Don't wear light-colored clothes when fishing, advises the National Automobile Club. Such clothes make it easy for the fish to see you.

COLLISION INSURANCE

Sixty-five per cent of the car owners in the United States carry collision insurance, according to the National Automobile Club.

San Francisco's first building, an adobe in the Presidio, now serves as the Officers Club.

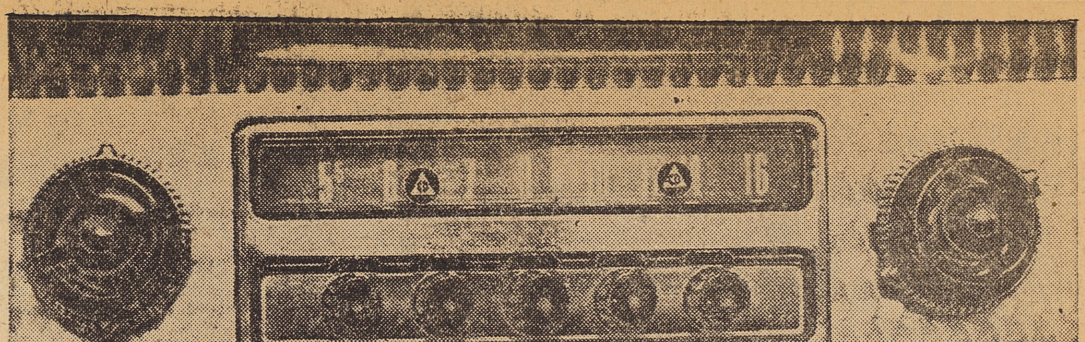
Call A Halt!

It is shocking the way juvenile delinquents get out of hand in California. We read:

"There is very general complaint at the revival of the sling-shot nuisance among the boys of Sacramento, and something should be done to prevent this indiscriminate throwing about of buckshot and pebbles, several people having been struck and severely injured. One case is reported where an old man at 6th and N Streets was struck in the knee by a leaden bullet thrown from a sling and the result was that he was confined to his bed for several days, unable to walk.

"There is another dangerous practice coming into vogue through the use of these slings, and that is the throwing of torpedoes at persons by means of them. Let an example or two be made and the evil practices will be discontinued."

We read that in the Sacramento Bee of seventy-five years ago. Just goes to show that California juveniles are hard to hold down, and, as the Bee sternly advised, steps must be taken. The sooner the better, say we!



CONELRAD CAR RADIO dial marked at 640 and 1240 kilocycles for any emergency will come in handy when all radio stations go off the air at 3:10 p.m. on July 20, and then some return to broadcast special civil defense material on these frequencies as part of Operation Alert, 1956. The 15-minute nationwide Conelrad test, first of its kind, will test radio stations' ability to switch to the Conelrad system of broadcasting in an actual attack so that emergency instructions could be radioed to the public without guiding enemy bombers to their targets. Civil defense authorities are hoping the public will mark their radios for future emergencies. (FCDA Photo)

LOW-DOWN ON SPORTS

By Marvin Moore

Play of the Week

Ken Boyer of the St. Louis Cardinals made a spectacular play in the All Star game. Harvey Kuenn of the Detroit Tigers hit a low line drive on the opposite side of third base of which Boyer was playing. Boyer dove over the base and made the catch practically laying on the ground.

The National League won the game 7 to 3.

Yankees Edge Cleveland

The New York Yankees edged Cleveland 5 to 4 in 10 frames. The Yanks were behind in the 4th inning until Mickey Mantle hit his 30th home run of the season. (That puts Mantle two games ahead of Babe Ruth in homers). The Cleveland Indians tied it up in the 8th inning, but the Yanks came back in the last of the 8th and went ahead 4 to 3. With 2 outs—no one on a pinch-hitter, Sam Mele, came and whacked out his second home run of the season to tie up the ball game. The Yanks came back in the 10th inning to finally win a thriller, 5 to 4.

Brooks Laurance of the Cincinnati Red Legs won his 12th ball game of the season against the N. Y. Giants 6 to 4 in 10 innings. This gives Laurence 12 wins to no defeats.

Mel Parnell—No Hit Game

Mel Parnell of the Boston Red Sox shut out Chicago White Sox with a no hit ball game. This is the first no hit game since 1953 in the American League.

What's Happening in Baseball

American League

The N. Y. Yankees hold on to an 11½ game lead over Chicago. Cleveland holding on to a slim lead over Boston. Baltimore still hangs on to a game lead over Detroit. Washington and Kansas City still battling it out for the cellar.

National League

Milwaukee holding on to a two game lead over Cincinnati with Brooklyn and St. Louis still in the race. Pittsburgh in fifth and Philadelphia and Chicago tied for sixth. New York Giants in the cellar.

Pacific Coast League

The Los Angeles hold on to a three game lead over Seattle. Hollywood and San Francisco battling it out for third. Sacramento holds on to a ½ game lead over Portland. San Diego in seventh with Vancouver 24 games out of first place.

California Baseball League

The Fesno Cards hold on to a four game lead over Stockton. Modesto, Reno and Visalia battling it out in that order. San Jose is sixth with Salinas and Bakersfield battling it out for the cellar.

Don't forget—Support the Josox

Cambrian Little League

Cambrian Little Leaguers played their first game of the second half of their season in their new stadium. In an unusual battle the Methodist Men tied with Mac's Market 5 to 5 in extra innings.

In the other game the Robins eked out a victory over No-Cal Constr. 6 to 4.

Players of the Past

From time to time I would like to tell of local men who have been active in the field of sports.

Jim La Plante, a Campbell barber, played shortstop for the Peoria, Illinois Triple "I" League. He tried out in 1926 for the St. Louis Cardinals where Branch Rickey told him to put on ten pounds and he would make the team. Jim was a switch hitter. He is an ardent golfer playing in the low eighties.

Rotary-Kiwanis

The game of the year to see—Campbell Kiwanis vs. Campbell Rotary July 23—6:30 p.m.—Campbell High field.

Kiwanis Lineup:

Howard Atkinson	Pitcher
C. Nelson	Catcher
Lloyd Nelson	1st
Sam Reed	S. S.

Other positions (?)
Norm Corvello, Steve Goodman, Rex Jeffers, Milt Nelson, Howard Manson, Wayne Fontes

Rotary Lineup:

(In order not to give their opponents any advantage, the Rotarian coaching staff, headed by Coach George Miskulin, is not releasing its starting line-up until game-time)

One Navy tractor in the Antarctic can pull 40 tons of freight loaded on special sleds.

Herb Raymond Leads

Pitching Features Play as Second Half Starts in Campbell League

Herb Raymond's fast-stepping ball club, which finished in a three-way tie for first place in the Campbell Little League but lost in the play-offs to the Campbell Stamp team, jumped into the lead in standings in the first week of play in the second half.

Play during the week featured top pitching performances on the part of the Little Leaguers but Raymond's team was the only club to boast a clean slate after the first week.

FRIDAY, JULY 13

Score by Innings

Herb Raymond	0 1 0	1 1 1
Campbell Stamp	0 0 0	0 0 0

(Zints and Martinez; Buck and Cobb; Winning pitcher Zints; losing pitcher, Buck; homerun, DeVita, Raymond);

	Rns.	Hts.	Er.
Herb Raymond	4	7	3
Campbell Stamp	0	3	3

John Zints threw a three-hit shut out to put the Herb Raymond team into the win column Friday against Campbell Stamp. The Stampers lost 3-0 and marked the first time this year that they had been shut out.

The game was a reverse deal from the last time Zints faced the Stampers. In that game he was manhandled for 11 runs and 12 hits. This time it was another story, as he walked only two and struck out six.

He was given good support in the field and came through with some tight clutch pitching to hold onto his shut-out victory. Mike DeVita was the big gun at the plate coming through with a homerun and a single.

THURSDAY, JULY 12

Score by Innings

Campbell Lumber	0 0 0	0 0 0
Western Gravel	0 0 6	2 1

Slape, Landers (3) and Fryar; Krug, Short (4) and Bailey. Winning pitcher Krug, losing pitcher Slape.

	Rns.	Hts.	Er.
Campbell Lumber	0	2	5
Western Gravel	9	7	0

The hurling of Jerry Krug and John Short was the standout in the contest between Western Gravel and Campbell Lumber which was won by the Gravelers 9-0. Krug pitched three innings of perfect no-run, no-hit ball. He faced nine batters and struck out seven. Short also pitched scoreless ball for three innings. Fred Nooteboom and Mike Overhulse were the only Lumbermen to get hits off him and he struck out nine in his three innings.

Dennis Slape pitched good ball for the Lumbermen but ran out of gas in the third inning. Short also led at the plate for Western Gravel with a single and a double.

TUESDAY, JULY 10

Score by Innings

Western Gravel	0 1 1	2 0 0
Herb Raymond	0 1 6	0 0

Krug, Short and Bailey; Raymond, DeVita and Martinez; Winning pitcher, Raymond; losing pitcher, Krug.

	Rns.	Hts.	Er.
Western Gravel	4	7	4
Herb Raymond	7	4	3

In the typical big league fashion Herb Raymond made use of one beginning in the game with Western Gravel to win 7-4. In the third frame Mike DeVita, Hoot Meredith and Lonnie Raymond grounded out the hits which brought in six runs to sew up the game.

Pitching star of the game was Mike DeVita, who choked off a Western Gravel rally in the fourth inning and went on to pitch scoreless ball in the last two innings.

MONDAY, JULY 9

Score by Innings

Campbell Stamp	2 0 0	0 1 2
Campbell Lumber	0 0 0	0 0 0

Sutton and Cobb; Goodere and Fryar. Winning pitcher, Sutton; losing pitcher, Goodere.

	Rns.	Hts.	Er.
Campbell Stamp	5	6	0
Campbell Lumber	0	2	1

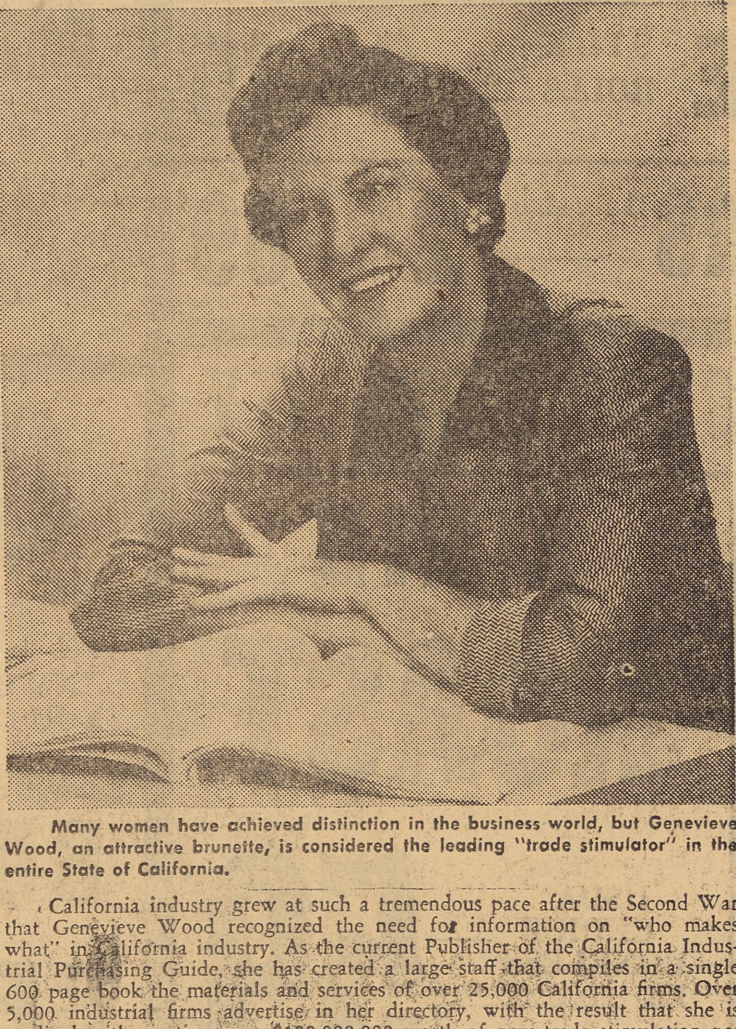
For the second time this season, Randy Sutton shut out the Campbell Lumber team by a score of 5-0. Frank Testa and Dave Buck also have pitched shutouts against the Lumbermen. As a matter of fact, in the four games (24 innings) that the two teams have played against each other, Campbell Lumber has yet to score a run off Stamp pitching.

The big guns at bat for the Stampers were 11-year old Larry Peters and Dave Buck. Each collected a single and a double.

Wins Trophy

NEWEST AWARD in stock car racing, The Manufacturer's Trophy is presented to Dodge President William Newberg (left) by Bill France, NASCAR president, following the first annual Manufacturer's Trophy race at Flat Rock, Mich., Speedway. Lee Petty, veteran stock car racer, bested 33 other drivers in his '56 Dodge and also won the 500-lap Late Model Stock Car contest, pocketing $2,600.

CALIFORNIA INDUSTRIALIST



Many women have achieved distinction in the business world, but Genevieve Wood, an attractive brunette, is considered the leading "trade stimulator" in the entire State of California.

California industry grew at such a tremendous pace after the Second War that Genevieve Wood recognized the need for information on "who makes what" in California industry. As the current Publisher of the California Industrial Purchasing Guide, she has created a large staff that compiles in a single 600 page book the materials and services of over 25,000 California firms. Over 5,000 industrial firms advertise in her directory, with the result that she is credited with creating over $100,000,000 worth of new trade stimulation per year in California alone.

As a female who knows the value of advertising, Genevieve advises women to do most of their home purchasing through careful study of newspaper advertising.

COMMUNICATIONS will be the lifeline of Operation Alert, 1956, just as they are of any effective nationwide defense against "attacking" planes. Shown here is part of the communications center at Federal Civil Defense Administration national headquarters at Battle Creek, Michigan, during last year's Operation Alert.

(Battle Creek Enquirer and News Photo)

California's Public Utilities Commission turned out the greatest volume of work in its history during the fiscal year which ended last June 30, it announced this week. The Commission issued a total of 1838 decisions during the past 12 months. This was an average of 153 per month and was a 21 percent increase over the 1956-1955 fiscal year when 1516 decisions and orders were issued.

To Cambrian Little Leaguers:

Sorry we have no story about your activities on the diamond this week. But somehow our contact man lost his way to The Press.

If you see Al Vatuone, give him the dickens for us, too, will you?

By the way his phone number is AX 6-9688.

There is no road to success but through clear, strong purpose.

EDITORIAL

FAREWELL AND HELLO!

The signing of the contract between the Congregational Church and the City of Campbell last Saturday marks the most outstanding milestone in the history of this community.

Not only by the signatures of the four parties did the City of Campbell acquire the first city hall in its four year history but it initiated a new phase in the long and eventful life of the Congregational Church of Campbell which has occupied that same site on Central Ave. since 1889.

We consider this purchase agreement between the church and city a remarkable example of the changes that are taking place in this area.

Here is a city, just four years old, taking over the building in which a local church has held services for 67 years. It is a study in contrasts.

But the unusual part of it is that we feel that both parties are benefitting by the agreement.

The Congregational Church of Campbell will hold its farewell services in the old church building this Sunday, July 22. On the next Sunday, July 29, the first services will be held in the magnificent new edifice on West Campbell Ave.

For some this farewell service will be a sad occasion. It will mark the passing of a long and faithful servant. There will be many memories recalled at Sunday's services of the wonderful events that have taken place in the building in the 67 years it has stood in Campbell.

For others it will be a day of rejoicing. It will be evidence of progress. It means that the ever-increasing membership of the church has made this building on West Campbell Ave. a reality instead of a dream.

And the City, too, will be entering a new era.

Perhaps the new city hall will not be as ostentatious as some residents of the city would have desired. There are others who perhaps feel that the city does not need a city hall and should get along in rented quarters or in the make-shift fashion that has been the vogue since the city was first incorporated.

We feel very strongly that the city has made a sound purchase. We foresee that many years of service will be derived from the "new" city hall. Granted that is would be "nice" if our city hall was more comparable in appearance to other city halls, but let us not forget we must crawl before we can walk.

We think that the residents of the city can well be proud of the acquisition. It will do the job for the city and will provide adequate quarters for the city departments.

So at this historical time for Campbell when a pioneer church embarks on a new phase in the community life and a fledgling city does likewise, we congratulate them both and wish them well.

Both make up an integral part of the community as a whole.

THE STATE CAN MOVE FAST

One department of the State of California indicated this week that it is not always necessary to "pass the buck" or wait months for red tape to be untangled before the department wheels can start churning.

On Monday of this week a resident of the portion of Campbell Ave. east of San Jose-Los Gatos Road that became blocked when the new signals at the intersection of Campbell and San Jose-Los Gatos Rd. started working, called attention of the Division of Highways to the problem that existed.

By press time this week (Wednesday) The Campbell Press was notified by a Division of Highways official in San Francisco that action would be taken immediately to remedy the situation.

The official said he thought it would be possible to start the necessary work by Friday of this week.

We feel that this illustrates that it **IS** possible for the wheels of the various governmental bureaus to turn without going through the maze of "channels" that ordinarily act as road blocks for the simplest of jobs.

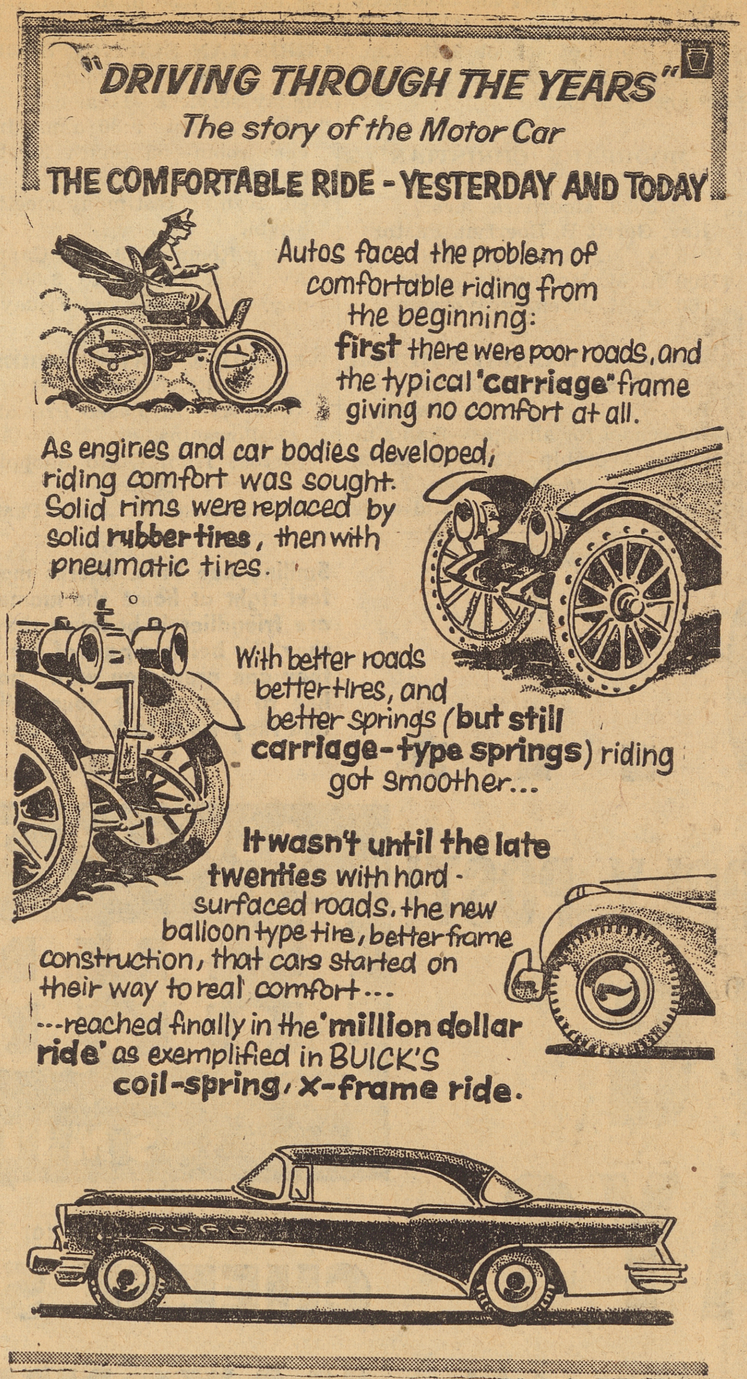
There may be something that will still hold up the project, for as we write this, the job, of course, has not been started.

Perhaps it may be a bit premature to commend the Division before we see the job under way, but we feel confident that it will take place.

But we are pleased as a citizen in the fast action and we congratulate the powers-that-be who are responsible.

We reserve the right, however, to raise holy heck, if in some way some obstacle is thrown in the pathway.

But until then, nice going.



"DRIVING THROUGH THE YEARS"
The story of the Motor Car
THE COMFORTABLE RIDE - YESTERDAY AND TODAY
Autos faced the problem of comfortable riding from the beginning: first there were poor roads, and the typical "carriage" frame giving no comfort at all.
As engines and car bodies developed, riding comfort was sought. Solid rims were replaced by solid rubber tires, then with pneumatic tires.
With better roads better tires, and better springs (but still carriage-type springs) riding got smoother...
It wasn't until the late twenties with hard-surfaced roads, the new balloon type tire, better frame construction, that cars started on their way to real comfort...
---reached finally in the 'million dollar ride' as exemplified in BUICK'S coil-spring, x-frame ride.

Because we are dealing in words every day of the week, we sometimes get carried away by the connotations, definitions and a few other things which go with the English language.

For example this week we learned what "enology" means. Perhaps we had heard of it before but it hadn't rung a bell. Now we know that it means the science of wine-making. For the first time a degree in that science will be offered at Fresno State.

Our typewriter turns out thousands of words each week and almost every week we learn how complicated the English language really is. We appreciate more than ever what a tough time a foreigner has in trying to fathom what the language is all about.

The teenagers today have developed a language all their own. We defy any adult who hasn't been around the youngsters to interpret everything that is being said.

Just recently we learned what "dragging the main" meant and that is just a simple illustration of what we mean.

—o—

College students also have a language of their own and we must admit that they have devised some very descriptive expressions.

Actually almost every field has its own "dialect".

The front office at The Press this week learned that "linage" (in reference to the amount of advertising in an issue) can be spelled either "linage" or "lineage". Both are pronounced the same with a long "i".

Lyle Ray, our efficient office manager, informed us also to add a little more confusion to the state of affairs that the same word, the "lineage", also refers to ancestry but is pronounced differently when used that way, although spelled the same.

So it goes.

If we have a tough time with the language, what do you think those poor people have who are learning it for the first time.

—o—

While still on the subject, we recall that long ago we were told by a tough city editor that in our writing we must refer to all adult females as "women".

"We go on the premise," he declared, "that ALL women are ladies until we learn otherwise, factually".

That has stuck with us for all these years and we consider it good advice and have consequently tried to follow it. Admittedly there have been times when we questioned our tutor's statement.

The advice was brought to mind last week when we were handed some notes by the ad department which referred to a contest that Fran's Bootery in the Cambrian Park Plaza was conducting.

The store had a huge moccasin in the window. The idea was to guess its correct size and win a prize. A pair of moccasins would be awarded the female of the species and another pair to the male.

Only the notes didn't read thataway. In a hurry the writer had put down a pair of LADIE'S moccasins would be awarded and also a pair of WOMEN'S.

We had a lot of fun recalling the advice of that city editor.

—o—

We knew that the new house numbering plan for Campbell would cause considerable confusion for quite some time but until last Thursday we didn't realize just what a bad time it really could mean to those who were trying to find an address for the first time.

We discovered that our carrier boys were really having it rough in trying to find the homes of new subscribers.

Vern Tacy, our circulation manager, asked us to take a bundle of our shoppers, "The Merchandiser", to a new carrier boy, Jack Merrill, whose home was on N. Milton.

We found that Milton Ave., (which is probably no different than any other street in town) is going through a real transition stage as far as house numbers are concerned.

Some of the houses still have the old numbers. Some have the new numbers while others haven't any numbers. Apparently in the latter case, the householders have taken down their old numbers but haven't gotten around to putting up the new.

Anyway we had a heck of a time delivering our papers which brought home to us very forcibly just how rough it must be on the more than 20 carrier boys of The Press.

We hope for the boys' sake (and ours) that the numbers get straightened around pretty soon.

—o—

Since the "signing up" of uor 9-year old sports writer, Marvin Moore, (the youngest in the U. S.) whose column "Low Down on Sports" appears weekly on our sports page, a number of people have been a wee bit skeptical about whether the little guy was doing the job himself.

Marvin IS doing the job and his knowledge of sports compares favorably with the best in the field. We invite those "doubting Thomases" who still must be shown to come down for a personal interview with our sports writer and bring along some questions.

You will agree, we are sure, that The Press really has a sports authority on its staff.

—o—

The long-awaited signals at the Campbell-San Jose-Los Gatos Road are now a fact and they have proved a great boon to all and sundry. Except those, of course, who want to use that part part of Campbell that lies east of the S.J.-L. G. Road, or who happen to live on that street. Or those who want to go to Bill Harrison's "The Virginian".

That little part of Campbell is the forgotten street. (The signals are in the wrong place. People on the street can't get off it without taking their lives and fenders in their hands and the same thing applies in going the other way.

Grangers Hear Old Time Music

Two poems, "Those Old Songs of Long Ago" by James Metcalfe, and "End of a Perfect Day" by Carrie Jacobs Bond, were read by Worthy Lecturer Cora Kaufmann at the program of old fashioned songs and memories when Orchard City Grange met recently.

Virginia Rutherford accompanied the following youngsters in piano duets: Janet Strickler in "My First Waltz"; Sharon Carlino in "Little Brown Jug"; Paul Cooper in "Waltz in A Flat" by Brahms; Carol Guio in "Donkey Serenade" and Linda Marchese in "Twinkle Toes".

Lecturer Kaufmann introduced Mrs. Pacita Bobodillo, soloist, who presented the following numbers: "Drink to me Only With Thine Eyes", "Love's Old Sweet Song", "One Night of Love" and as a finale, Mrs. Bobodillo led the entire group in "Old Lang Syne".

Master B. K. Werner presided at the meeting preceding the program and introduced Master M. S. Walsh of Los Gatos Grange.

During the meeting, the following reports were given: Fred Bentley, booster barrel chairman, reported on response in the form of slips sent in for this period. The community service committee reported that the Grange lot had been cleaned and put in good order by Brothers Dick Morrill, Herbert Shadle, Mervyn Keesling and B. K. Werner. Home economics chairman Sadie Proctor announced the rummage sale will be held in Campbell July 31 and August 1, and that Pomona Economics Club will hold its meeting at Orchard City Grange next Tuesday for a potluck luncheon.

Mrs. Gladys Brooks was escorted to the master's table by assistant steward Marvyn Keesling and lady assistant steward Madeline Anet, when she presented the Grange with an altar cloth.

The evening was concluded by serving refreshments by chairman Mrs. Bessie Merrill, assisted by Hazel Nelson, Emma Moffett and Henrietta Smith.

Former Montanans Hold July 4 Party

"There's no place like home, especially if it's in Campbell" was the slogan for the July 4th party recently held by Chuck and Georgia Daly at their 161 Catalpa Lane home.

Guests at the party were their former friends and neighbors from Butte who are now residing in and around Campbell, along with their 24 children, almost equally divided among the following couples: Messrs. and Mmes. Dick Robling, Dan Cornforth, Jack Woodbury, Jack McGrath, George Sullivan and Roger Brandt.

LG GRANGE WOMEN MEET

When Los Gatos Grange Home Economics club met recently in the home of Mrs. A. J. Emery on San Jose-Los Gatos Road, members spent the afternoon working on plaques and scrap books which will be displayed at the State Grange convention at Long Beach in October.

Other matters taken up were plans for the club's participation in the Santa Clara County's Fair in September.

Benefits are only acceptable so far as they can be requited; beyond that point, instead of gratitude they excite hatred.

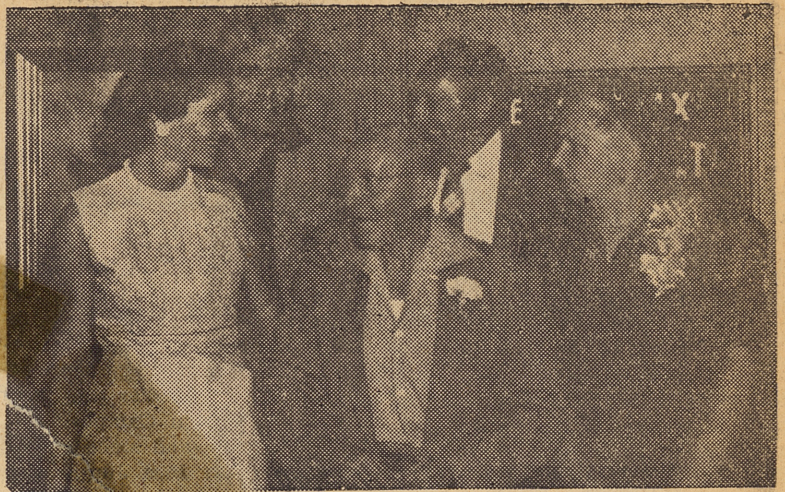
BPW's HONOR RETIRED MEMBER

When Campbell Business and Professional Women met on July 11, Miss Marion Hill, retired member, was honored and presented with a gift on behalf of the club.

Mrs. Emily McConnell presided at the business meeting preceding the social meeting.

The remainder of the evening was given over to playing games. Lucille Soloman was chairman of the affair, assisted by Hannah Berglund, Annamae Periera, Margaret Leick and Rosalind Strandberg.

Ships carried two million gallons of fuel to Antarctica in Operation Deepfreeze I for use by planes, helicopters, tractors and bases.



WED IN ENGLAND 50 YEARS AGO. . . Mr. and Mrs. William Penhall, who observed their golden wedding anniversary on July 2, were feted with a dinner party at Hawaiian Gardens in San Jose on the evening of June 30, when 36 friends and relatives of the couple were on hand to congratulate the couple. The Penhalls were married in Bradford, England, on July 2, 1906 and came to this country about four years later. After spending a few years in North Dakota, they moved to this area and have been Campbell residents for the past 33 years. Penhall operated his barbershop here until last year, when he retired. His son, Cy, now operates the shop on East Campbell Ave. The couple's children, John and Cy Penhall and Mrs. John Crawford arranged the festivities. John, with his family, were surprise visitors from Oregon. Mr. and Mrs. Penhall reside at 57 Kennedy Ave. in Campbell.

Honeymoon at Tahoe Follows Sunday Afternoon Merrill-Quain Nuptials

When Miss Marilynn Quain became the bride of Edward David Merrill at Trinity Episcopal Church last Sunday afternoon, the couple repeated their vows in the same church the bride's parents were married a little over 25 years ago. Dr. Rifenbark, who officiated at the wedding 25 years ago, also officiated at last Sunday's nuptials.

Baskets of white gradioli and stock decorated the church when the bride was escorted down the aisle on the arm of her father. Her gown of white imported rosepoint lace over satin, was fashioned with a fitted bodice and long, tapered sleeves. The Peter Pan collar was edged with wheat pearls and mother-of-pearl sequins. Her shoulder length veil dropped from a seed pearl encrusted coronet. She carried a cascade bridal bouquet of white Stephanotis centered with a white orchid.

Miss Janice Tedford was her cousin's maid of honor. She led the bridal procession attired in a princess style ballerina length gown of turquoise blue crystalline and lace, made with a scoop neckline and bouffant skirt. She wore a matching small hat of crystalline and tulle. Her cascade bouquet was made up of pink and white carnations.

Her two bridesmaids wore identically styled gowns of different hues. Mrs. Lucy Blair wore a maize gown with a yellow carnation bouquet, and Miss Paddy Donlevy, the other bridesmaid, wore a gown of pink with a pink carnation bouquet.

Dave Ribble attended the groom as best man and Bob Dalzell and Roger Schaefle were ushers.

Mrs. Ralph C. Quain, the bride's mother, chose a blue and white flowered dress for the wedding. With it, she wore white accessories and a white orchid.

Mrs. E. A. Merrill, mother of the groom, was attired in a white and old rose print dress with white accessories. Her corsage was also a white orchid.

When the reception was held in the Parish Hall of the church, more than 200 friends and relatives of the couple attended, including many out-of-town guests from Los Angeles, Modesto, San Francisco and Oakland.

Among wedding guests were Mr. and Mrs. Henry Quain of San Francisco and Mrs. Pansy Bennett of San Jose, grandparents of the new Mrs. Merrill. Four grandparents of the groom were also present. Besides the E. C. Merrills, maternal grandparents who attended the wedding were Mr. and Mrs. M. R. Smith of San Jose.

The bride, daughter of Mr. and Mrs. Ralph C. Quain of 1743 McBain Ave., San Jose, is a Campbell Union High School graduate. She is a member of San Jose Theta Rho Girls, No. 1, also a member of the Past President's Club of Theta Rho.

Edward is the son of Mr. and Mrs. E. A. Merrill of 39 North Milton Ave. in Campbell and grandson of E. C. Merrill, Campbell's city treasurer, and Mrs. Merrill who observed their golden wedding anniversary earlier this year. He graduated from Campbell Union High School and since graduating from San Jose Junior College, has been employed at First National Bank in San Jose.

When the newlyweds left for their honeymoon at Lake Tahoe, the new Mrs. Merrill wore a turquoise and white sheath dress with a white lace coat lined in turquoise. With it, she wore the white orchid from her wedding bouquet.

On returning from their wedding trip, the couple will make their home in San Jose.

St. Lucy's Plans Bar-B-Q-Carnival

Peter Giorgianni, with his committee and other church members, are making plans now for St. Lucy's Barbecue-Carnival to be held on the Parish school grounds on September 16.

Besides the barbecue, many other attractions are now in the planning stage, including booths with a variety of items offered for sale. An award of $500 U. S. Savings Bond will be awarded that day.

Committee members assisting Giorgianni in planning for the event are: Mrs. Louis Bogner, Mrs. Renso Orsi, Ed Lantz and Chester Farber.

LOCAL WEAVERS GET NATIONAL NOTICE

Mr. and Mrs. R. H. Eichar who recently opened their weaving school at 164 North Third St. in Campbell, have had many interested visitors from all parts of the country, who have been coming to see their new simplified type loom, claimed to be the simplest loom to operate, yet capable of turning out material from the finest silk to heavy wool rugs.

Among recent visitors were: Mr. and Mrs. Arthur Perrins from Massachusetts; Mrs. Z. L. Watson from the Nadeau Art Weaving Center in San Francisco; Mr. and Mrs. Wes Watson of Sharp Park and Dr. and Mrs. Tanner Brown from Los Altos.

Julia Hoagland Wins Scholarship

Julia S. Hoagland of Campbell has been awarded an Alumni Scholarship for study on the University of California campus at Davis.

Miss Hoagland, daughter of Mrs. J. R. Hoagland of 48 Hardy Ave., plans to enter as a freshman majoring in education in the College of Letters and Science at Davis this fall. She is a graduate of Campbell Union High School.

The Alumni Scholarships for Entering Students are provided from the University's general funds and from funds contributed by alumni of the University. They are a part of nearly 100 separate scholarships, totaling approximately $30,000, granted to students in the College of Agriculture, the College of Letters and Science, and the School of Veterinary Medicine on the Davis Campus.

VFW AUXILIARY CITED AT MEET

When VFW Auxiliary of Byron Lanphear Post No. 6305 held their meeting last Tuesday evening, they welcomed back their secretary, Adelina Gagliasso, who recently returned from a trip to Alaska.

Alice Keyes, Millie Hill, Edith Smith and Mr. and Mrs. Ralph Jones, who returned from the VFW encampment held in San Diego the latter part of June, brought back with them a citation for the local post for outselling all other California posts in the recent Buddy Poppy sale.

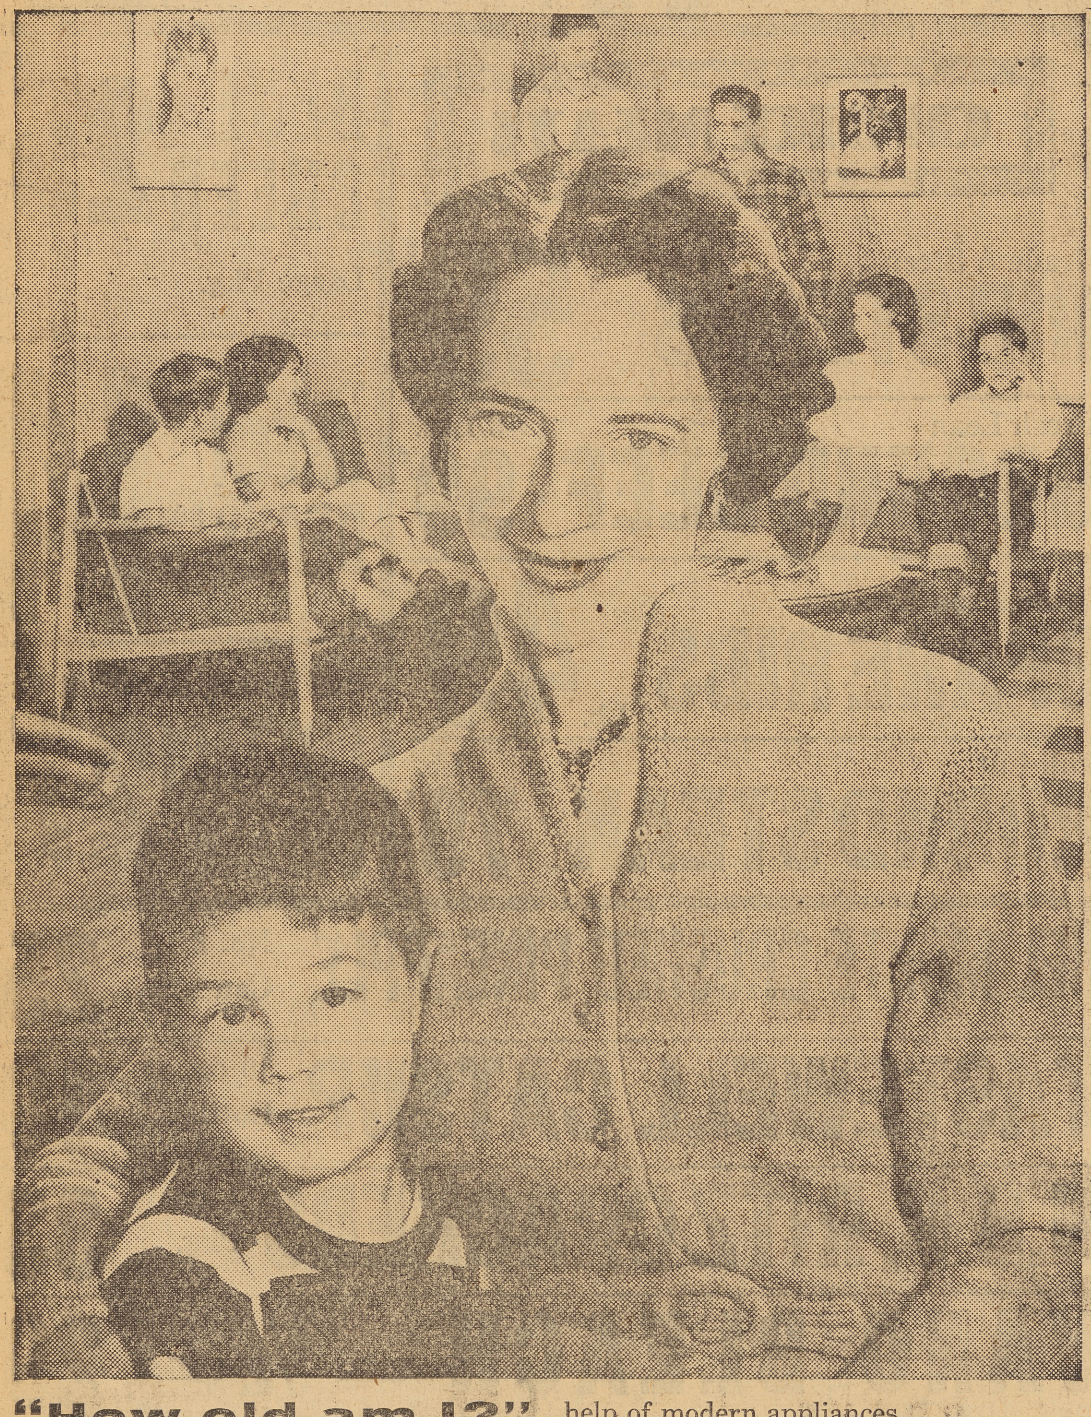
Another report heard at the meeting was on the successful "fish pond" which the local post had charge of at the recent July 4th Carnival at Agnews State Hospital.

Alice Keyes, Ona Chubb, Esther Sargent, Edith Smith and Dick Burnell put on a bingo party for veterans on July 11.

A breakfast for members and friends will be held on July 29 between 8:30 and 11 a.m. in the patio of Esther Sargent's home at 37 Casey Road. Tickets for the breakfast may be obtained from president Millie Hill.

The meeting was concluded with refreshments served by Bertha Barnett and Lelia Thompson.

Mr. and Mrs. Ted Vossler were feted at a wedding shower last Saturday evening in the Henry Little home on Cole Ave., in Cambrian Park. On hand to extend best wishes to the newlyweds were relatives and many friends from Calvary Temple in Campbell. The couple was married in Reno, Nevada on July 1. The new Mrs. Vossler is the former Miss Helen Shuhan.



"How old am I?"

...asks Mrs. Robert Mize, 26 Park Avenue, Mill Valley

Whatever became of the "motherly" type? . . . the woman who looked her age and (bless her) felt every minute of it? Answer: She vanished with the scrub board and the wood stove.

Today's mother *stays* young looking (and has more time to be motherly) with the help of modern appliances.

Take Mrs. Mize, who makes the most of labor-saving appliances. She's 34 — and mother to a brood of *eight!* (18-year-old Bob's in the Army.) Are *you*, too, making the most of modern appliances? With gas and electricity so cheap in California, you can run a whole houseful of appliances all day long for about half the price of most popular hair-sprays.

WEDDING BELLS RING IN JUNE . . . Following their wedding at St. Lucy's Church in Campbell on the afternoon of June 24, Anthony Turturici and his bride, the former Henrietta K. Koster, left for a honeymoon in northern California, and are now at home in Campbell. Anthony is part owner of the Big Boy Mart in Campbell.

Anthony Turturici, Henrietta Koster United in Nuptials at St. Lucy's

St. Lucy's Church in Campbell was the setting for the wedding of Miss Henrietta K. Koster and Anthony P. Turturici on the afternoon of June 24, when Father Denis Kennelly officiated at the double ring ceremony.

When the bride was escorted to the altar on the arm of her brother, Ralph Budke, she was attired in a waltz-length gown of white crystallette, fashioned with a fitted bodice, scoop neckline and full skirt. A two-strand pearl choker circled her throat and she wore matching earrings. Her coronet, trimmed with sequins and seed pearls, held her shoulder length veil. Her bouquet was a nosegay of white Stephanotis.

Miss Helen Koster was her sister's maid of honor. When she preceded the bride down the aisle, she wore a gown of yellow nylon and silk and carried a pink carnation nosegay.

Mrs. Ralph Budke, sister-in-law of the bride, was matron of honor. Her nylon and silk gown was identical to that of the maid of honor. She also carried a nosegay of pink carnations.

Joe Turturici, the groom's brother was his best man. Ushers were Ben Turturici, John Turturici, Tom Turturici, and John Martini.

Mrs. William Budke, the bride's mother, chose a dress of black alpaca for the ceremony. With it she wore white accessories and her corsage was of baby orchids.

The groom's mother, Mrs. Gaetano Turturici, was attired in a pink lace dress. Her accessories were white and she had a corsage of baby orchids pinned at her shoulder.

More than 400 friends and relatives of the couple attended the reception at Guadalupe Hall in Los Gatos.

When the newlyweds left for their honeymoon trip to northern California, the bride wore a blue knit suit with black accessories.

Following their wedding trip, the couple will make their home in Campbell.

The bride is the daughter of Mrs. William Budke of Salina, Kansas. She graduated from Sacred Heart School in Salina. She is employed as a bookkeeper at Wilmars, Inc. in San Jose.

The groom, son of Mrs. Gaetano Turturici of Campbell, is a Campbell Union High school graduate. He is a member of Mayfair Riders and president of Region Six, California State Horsemen. He is a partner of Big Boy Food Mart in Campbell.

Formal Rites Unite Elaine Ciraulo And Ronald Halter Sunday Afternoon

Afternoon formal nuptials at Westminster Presbyterian Church in San Jose last Sunday united Miss Elaine Ciraulo and Ronald Roger Halter. The Rev. H. George Vorsheim was celebrant for the double ring rites.

When the bride, on the arm of her father, and her attendants came down the aisle, Mrs. Robert Carr, vocalist, sang "Because" and "The Lord's Prayer", accompanied by Mrs. L. T. Frasier at the oragn.

For her wedding, the bride chose a white rosepoint lace and Italian silk taffeta gown, featuring a scalloped lace neckline and traditional long sleeves. Lace formed a panel down the front with Italian silk forming the overskirt sweeping to a chapel train in back.

Miss Yvonne Caggiano was her counsin's maid of honor. Her floor-length gown of white lace over lime green taffeta had a scoop neckline with short sleeves. The white satin cummerbund encircling her waist extended to a sash draped down the back of her skirt. Wristlets of taffeta and net and a matching lace picture hat completed her ensemble. She carried a Franch bouquet of lavender carnations.

Her two bridesmaids were similarly attired. Miss Sylvia Orellano and Miss Barbara Morasco, the bride's cousin, wore yellow gowns, carrying French bouquets of lime green carnations.

Sharon Ciraulo, sister of the bride, and Roxine Caggiano, her cousin, both aged 10, were junior bridesmaids. Their floor length gowns were of white taffeta and orchid net with fitted bodices. Rows of net ruffling stood up from their boat necklines. Their full skirts were edged with deep ruffles. To complete their outfits, the girls wore flower-trimmed net bonnets and carried yellow carnation French bouquets.

Sandy Ciraulo, another cousin of the bride, was flower girl. Her gown, styled to match those of the junior bridesmadis, was of lime green, in a hue matching that of the maid of honor. She also carried a French bouquet of lavender carnations.

Stanley Ciraulo, four-year old nephew of the bride, as ring bearer, wore a white tuxedo with a maroon colored tie. He wore a carnation boutonniere.

Kenneth Tougas, best man, and Tom Cummings and Peter DeMare, the ushers, wore white dinner jackets.

Mrs. Salvatore J. Ciraulo wore a powder blue net dress for the wedding. Her accessories were of powder blue and an orchid corsage completed her costume.

The reception following the ceremony, for more than 300 friends and relatives of the couple, was held at Alpine Park. Their four-tiered wedding cake was decorated with white swans and hearts and silver bells, garlanded with silver leaves. It was topped with a miniature bride and groom standing on a lace-trimmed music box playing the traditional "Wedding March" when lifted from the cake.

When the justweds left for their wedding trip, the bride wore a pink crystalline dress with a matching duster. White accessories and the orchid from her wedding bouquet completed her ensemble.

The couple left for Canton, Ohio, for their wedding trip, where they will visit the groom's parents, Mr. and Mrs. William Halter of North Canton, Ohio, who were unable to attend the wedding. On returning from their trip, they will make their home on Meridian Road in San Jose.

Elaine, who is the daughter of Mr. and Mrs. Salvatore J. Ciraulo of 331 Shelley Road, Campbell, graduated from Campbell Union High School. The family has made their home in Campbell for the past 19 years.

The groom is the son of Mr. and Mrs. William Halter of Canton, Ohio. He graduated from Tinken High School in Ohio. He completed his service with the U. S. Navy on June 12 and is now employed in San Jose.

BLOSSOM VALLEY GARDEN CLUB MEET

When Blossom Valley Garden Club held their executive board meeting in the home of their president, Mrs. James Goble, last Wednesday, a session of program planning and evaluation was held, with outgoing members passing on their experiences to new chairmen.

At the request of Mrs. Goble, each member introduced herself and a discussion of their work of the year was held. New board members are Mmes. S. O. Lombard, Clarence Hopf, Carey Harris, Claude Barham, Charles Wood, L. E. Hendricks and Oliver Buehner.

Mrs. Z. H. Hallett, past treasurer, reported that she, along with Mrs. Irvin Maag and Mrs. George Ninnis, assited in picking carnations used in the July 4th carnival at Agnews State Hospital.

Mrs. Clarence Hopf, civic beautification and soil conservation chairman, reported on the planting of an eigh-foot tulip tree at the fairgrounds which she supervised with Mrs. Clara McDonald and Mrs. Hallett.

Mrs. Goble and Mrs. Lombard planned the potluck which followed.

"Hello! It's me." !Television star Pinky Lee peeks from behind the curtain at the California State Fair and Exposition where he will appear in a free show on Opening Day, Apgust 29. That date will be Childrens' Day at the Fair too, with anyone up to 16 years of age admitted free and activities galore for the little folks.

LEGION AUXILIARY MEETS

Mrs. Rex Kaber and Mrs. Arthur Smith, members of Campbell American Legion Auxiliary, Unit No. 596, reported on the convention they attended recently in Fresno, giving an account of the sections they took part in while there, when the local group met last week.

It was announced that summer meetings will be discontinued and plans were discussed for their first fall meeting to be held on September 12.

In the absence of the president, Mrs. John McFall, the meeting was presided over by Mrs. Rex Kaber, first vice president.

QUITO QUORNER

Isabelle Pechin
FR 8-8040

The Saratoga-El Quito Park Lutheran Church has changed its name to "Prince of Peace Evangelical Lutheran Church". It will continue to meet at the Saratoga Foothill Church while it conducts the search for property suitable for its own church.

The Congregation of the Prince of Peace Church held a barbecue at Laurel Park last Sunday afternoon and evening. Swimming, baseball and the pot-luck supper were enjoyed by everybody.

The Luther League will meet this Sunday at the home of Donald Harbick, 13163 Quito Road. Lutherans of high school and college age are welcome.

Dennis Herschbach will represent Westhope Church at the Navajo Work Camp, August 4-26. Twenty Presbyterian young people have been chosen to help build a church at Olpito, Utah. This will not be a vacation, but three weeks of hard work. Never the less, it is a unique honor for Dennis.

The Quito-Saratoga Kiwanis Club has been looking for a meeting spot more convenient for its Saratoga members, but to no avail,

Government Loses In Only Half of GI Foreclosures

Nearly half of the homes foreclosed by private lenders under the GI loan program during the last two years resulted in no loss to the U. S. Government, Veterans Administration announced this week.

This and other characteristics were detailed in a special foreclosure study of 6,525 first mortgage loans guaranteed by VA on which liquidation proceedings were completed during 1954 and 1955.

In all cases surveyed, the average debt to the Government as a result of the VA guaranty was $415 of which $239, or 58 per cent, represented foreclosure or other liquidation costs.

However, 46 per cent, or 2,076, of the homes liquidated during the two years resulted in no debt to the U. S. on the part of the veterans.

VA said higher down payments, higher loan repayments and higher property values at liquidation characterized this group.

VA emphasized that the 25,863 total home loan claims paid to date represent only approximately one-half of one per cent of the total number of home loans guarantted by VA.

EMERGENCY HOSPITAL scenes like this would be duplicated across the nation if the assumed toll of "dead" and "injured" during Operation Alert 1956 were not merely "paper casualties." The 200-bed emergency hospital, including part of the sorting (triage) area shown here, has been designed by the FCDA to be moved into disaster areas and set up on short notice. It is complete with X-ray, operating room and other usual hospital equipment. (FCDA Photo)

SAN TOMAS SUMMARY

Isabelle Pechin
FR 8-8040

Troop 30 of the Boy Scouts is in the process of forming an Explorer's Post. Walter Hancock will direct it. The boys spent last weekend at the Wilson ranch above Santa Cruz, near Swanton.

The Eagle Patrol of Troop 30, Fenton Anderson, patrol leader, and Bryan Wilson assistan; the Cherokee Patrol, Roger Miller, patrol leader and Tommy Wight assistant; and the Beaver patrol, Roger Fowler, patrol leader and Morris Thrash, assistant, had a foil cook-out last week.

They met at the school, and had the cook-out at the recreation center on Audrey. Clare Austin, Ken Fishburn and W. E. Thrash are the grownups who assisted at the cook-out.

According to J. B. Enochs at the County Engineer's office, the construction company is ready to go ahead with the Lovell St. bridge as soon as the PG and E. moves a power pole which stands in the way of work.

A telephone call to the PG and E. office brought out only the promise to look up the work sheets and see what was planned. The same answer was given as to the progress being made with the lighting district. More on this topic next week.

Girl Scout troop 229 meets at one o'clock each Wednesday through the summer at its club rooms at the Orrin Lawson home.

NETOPS PICNIC

A day of swimming and other recreation was spent by members, friends and families of Netops Council No. 247, Degree of Pocahontas, when the group held their annual picnic at Chateau Boussey recently.

Following members were accompanied by their families at the picnic: Mmes. Nellie Lamb, Katherine Loveday, Clara Dorsett, Dorothy McGee, Blanche Gilpatrick, Esther Falco, Florence Rohde, Mary Cole, Irene Hodges, Lucy Valenzuela, Lorene Johnson, Fern Reynolds, and Edith Anderson.

Following guests were also present at the affair: Mrs. Emma Garcie and family, Mr. and Mrs. Garland Spears, Mrs. Roy Sims, Elvert Weeks, Mr. and Mrs. George Thallheimer, Mr. and Mrs. James Loveday, Mrs. Forrest Chapman and children, Miss Patricia Hirschler, Mrs. Leeta Loys and children; Mrs. Ida Warboys, Miss Geraldine Warboys, Mr. and Mrs. Roger Johnson, Miss Willa Wheeler and Douglas Kelter.

MORELAND MUSINGS

Isabelle Pechin
FR 8-8040

Kindergarten children who have not yet registered, can do so at the Moreland District office on Payne Ave. Children of any age who did not live in the district last year should register as soon as possible. The office is open Monday through Friday from 8 a.m. to 5 p.m. except for the annual two weeks vacation, August 13-24.

The Moreland Board of Trustees meets the second Tuesday and the fourth Wednesday of each month. The meetings are held in the teacher's room of El Quito Park School, and the public is welcome to attend.

The insurance company has made a satisfactory arjustment for the vandalism at El Quito Park School, but the culprit has not been found. Apparently some child with a brand new knife enjoyed slashing curtains and scratching desks.

Annette Diehl has been enjoying her days at Camp Sycamore as much as the Brownies she takes up there. Last week she brought up an ice cream freezer, and many Brownies experienced for the first time the fun of turning the crank and licking the dasher.

The Greenbough District has the camp Monday, Wednesday and Friday from 10-2:30. The backbone of the program is the craft activities morning and afternoon, liberally spiced with hikes, singing and wading.

The Sixth District PTA is sponsoring a Braille committee this year. They are very anxious to contact anybody who can transcribe on a Braille writer. The older children with defective vision must have all their textbooks transcribed into Braille, and the teachers do not have time to do all that is necessary.

Until the Sixth District office opens in September, Mrs. Bruce Jones, 1626 Curtner Ave. is the center of activity in this area.

The Youth Group of the First Baptist Church sponsored a highly successful Hobo Party last week.

Many Festivities On Tap in State

Festivities are now in full swing throughout the State, according to the California State Chamber of Commerce.

Three county fairs, filled with entertainment and interesting exhibits, are going on at Santa Barbara, Santa Rosa and Yuba City. A big variety of other events held in late July includes jeep trips in both El Dorado and Nevada conuties, the annual Photo Fiesta at Redlands, Newport Harbor's huge regatta—the "Flight of Snowbirds", Livermore's Aqua Rodeo, and Old Spanish Days, San Clement's historic annual fiesta.

California's fishing calendar, as reported by the State Department of Fish and Game is as follows:

TROUT: all areas open to October 31, and many Southern California counties open year-round. Bag and possession limit—15 fish or 10 pounds and one fish.

STRIPED BASS: no closed season. Bag and possession limit—three fish, minimum size 16 inches long.

BLACK BASS: no closed season. Bag and possession limit—five fish.

REGISTER—

Iola and Duane Stainbrook of Parkston, South Dakota are visiting their grandparents, Mr. and Mrs. George Booker at 131 South Dillon Ave.

County Schools Set New Record

Santa Clara County public school attendance climbed to a record of 91,992 last school year, R. Eugene Arnold, county school office attendance supervisor, announced this week.

This was a 13.9 per cent gain over average daily attendance of the previous year, when the total for all grades from kindergarten through junior college was 80,714.

Elementary schools gained from 61,895 to 70,658, for 14.1 per cent; high schools from 16,518 to 18,727 or 13.3 per cent, and junior college from 2,301 to 2,607 or 13.2 per cent.

Districts making the biggest gains numerically were Palo Alto, which increased 1.164; San Jose, 1,012; Campbell, 617; Cupertino, 849; Jefferson, 1,168; Los Altos, 683; and Sunnyvale, an even 1,000.

Jefferson also had the heaviest percentage growth among the larger districts, going from 1,928 in '54-'55 to 3,096 in '55-'56, an increase of 61 per cent.

Thompson Renames Three to Group

State Senator John F. "Jack" Thompson has re-appointed three Santa Clara County residents to the Republican State Central Committee for the 1956-58 term, he reported this week.

They are Mrs. Muriel Baker, San Jose; Mrs. Audrey Fisher, Los Altos; and Robert L. Davis, Palo Alto. Mrs. Baker is a member of the San Jose Council of Republican Women. Mrs. Fisher and Davis are members of the Santa Clara County Republican Central Committee.

In a letter to the three appointees, Senator Thompson stated that they have "in a high degree the qualifications and interest and ability to serve as active working members of the Republican State Central Committee."

The State Central Committee will re-organize in Sacramento on Sunday, August 5.

STOP The Spoilers!

A century ago, when America's natural resources seemed inexhaustible, waste and reckless exploitation were the order of the day. *The slogan of the spoiler was: "The public be damned!"*

Protect Our Natural Resources

We've come a long way since the Robber Baron era. We've fought to save our precious resources from devastation. We've insisted on conservation—to protect our timber, our topsoils, our water, our fish and game.

Today in California, we have to battle for conservation once more: to save our oil—our most valuable resource of all—from the irresponsible, wantonly wasteful practices and the public-be-damned attitude of the spoilers!

Let's GO *forward* with 4

Proposition 4—the Oil Conservation Act on the November ballot—will establish a State Oil and Gas Commission to put into effect modern conservation practices which the great majority of responsible California oil producers are ready and willing to abide by.

Double California's Oil Supply

Production methods made possible by Proposition 4 will double California's recoverable oil. Expert petroleum engineers agree on this. Even the opponents of the Act begrudgingly admit that fact.

What does that mean for you—and for all Californians? It means:

- More jobs and business prosperity.
- A huge new source of tax wealth for State, counties and school districts—to help ease *your* tax burden.
- Less dependence on foreign oil supplies—a life or death matter in time of national emergency.

Keep Gas Prices Down

Proposition 4 means price protection for you as a motorist--for greater supplies of California oil will help keep gasoline prices down!

Oil Conservation is in *your* interest—the public interest.
The Spoilers' way is the backward way.
Let's go *forward* with 4!

Vote yes on 4

CHURCH NEWS

Congregational Church

Farewell service will be held at the church Sunday morning, the last service in the old church. Members and friends are invited to attend this special service and take part in the social hour following, when Isabel Circle will serve refreshments.

The first services in the new church on West Campbell will be held the following Sunday, July 29.

—o—

First Methodist Church

Rev. Gilbert Christian, executive secretary of Santa Clara Valley Council of Churches, will be guest speaker at both services next Sunday when his topic will be "Faith and Vision Create Action". Lay assistance in conducting services will be William Beyer at the 9:30 a.m. service and Roy Kohler at the 11 a.m. service.

Church School classes will meet at these two hours. Youth groups will meet as usual at the church from 7 to 9 p.m.

Various commissions of the church will hold their separate meetings on Monday evening at 8. The monthly meeting of the official board will be held in the Fireside Room at 8 p.m. on Wednesday, with chairman, Howard Guilbert presiding.

Vacation Church School will welcome visitors to its concluding session tomorrow. To accommodate parents who have children in several groups, programs for visitors will be conducted by the preschool department in the Little House from 9:30 until 10 a.m. Primary program will be from 10:10 until 10:40 a.m. Many projects have been carried out by the departments, including trips to the Evergreen Dairy for pre-school children; to Mirassou Vineyards by the primary department, and to the Rosicrucian Museum by junior boys and girls. Primary and junior departments meet in the Parish House.

—o—

Christian Science Society

"The ever-availability of the healing power of Christ, Truth, will be set forth at Christian Science services Sunday.

—o—

Prince of Peace

....Pastor Werner P. Welchert will deliver a sermon on "Wolves in Sheep's Clothing" at the 10:30 a.m. worship service Sunday. "More Than a Game of Marbles" will be the children's message.

Luther League will meet at 7 p.m. Sunday with Don Harbick, 13163 Quito Road, as host.

U. C. L. Women will meet at 8 p.m. next Thursday.

—o—

Westhope United Presbyterian Church

Rev. Donald W. Jolly will deliver his sermon on "Everyday Christians" at Sunday morning services.

His evening sermon will be "Where Shall We Go?"

Miss Sharon Grant will lead the Young People's Hour at 7 p.m. The College Age group will meet at that time also.

—o—

CLUB NEWS

Business and Professional Women's Club

Campbell BPW's will meet for a barbecue at Lou's Village next Wednesday when husbands and guests are invited. Lucille Soloman is chairman of the event, assisted by Hannah Berglund, Annamae Periera, Margaret Leick and Rosalind Strandberg.

S. C. County Fair Queen May Enter 'Hall of Fame'

A Santa Clara County Fair Queen "Hall of Fame" is under consideration by the queen contest advisory committee which met recently, according to Mrs. M. D. Baker, chairman.

Detailed plans are under study by a special subcommittee to establish this innovation as a permanent part of county fair facilities for year around display to the public.

In discussing contest rules and regulations recommendation was made that representatives from each community must be selected in accordance with the stated rules applying to the finals on August 19 at the fairgrounds.

Among the important rules which are to be strictly adhered to are: age 17 on or before the date of the finals selection, participants in all local contests must be residents of the county, paid professional models do not qualify although students of charm schools may participate. An important consideration is availability of the candidates at least two weeks before and during the county fair September 10 through 16 for press, radio, television appearances and other personal appearances.

Miss Santa Clara County Fair will be judged by a panel of five out-of-county experts on the basis of personality, beauty, voice, diction, and photogenic appeal.

First official entrants before the August 15 deadline thus far are, Miss San Jose, Mary Lou Yglesias and Miss Coyote, Irene Stucky.

Other community contests include Eastside Youth Center, July 21, Los Gatos Jaycees, July 15, Palo Alto Jaycees, August 12, and Cupertino, August 12. Among other sponsors are: Sunnyvale Jaycees, Campbell Jaycees, Willow Glen Kiwanis, Miss Westside, Charles F. Wallace Post 666, American Legion, and Saratoga Chamber of Commerce.

Queen aspirants in other communities are urged to call CYpress 5-3050 for details, said Mrs. Baker.

Rep. Martin Talks In San Jose at Dinner August 27

Rep. Joseph Martin Jr., of Massachusetts, minority leader and former speaker of the House of Representatives, will be the chief speaker for a $100-a-plate dinner to be sponsored August 27 by the County United Republican Finance Committee.

Plans for the dinner that will be held at the Hawaiian Gardens in San Jose, were announced this week by Ernest H. Renzel Jr., chairman of the committee.

Eight hundred tickets for the affair will be printed and County GOP leaders said a sellout would raise $80,000 for the local Republican campaign preceding the November elections.

Martin was invited to speak in San Jose by Rep. Charles S. Gubser (R-Gilroy) and will make this appearance following the Republican National Convention in San Francisco the week of August 20. Martin will be convention chairman.

Assisting Renzel with arrangements for the dinner is his cochairman for the occasion, Edwin Nelson who is in charge of publicity for the United Finance Committee and Roy Kennedy, the sponsoring committee's vice chairman.

FINISHES TRAINING

Milton F. Helm, of 609 Eisenhower Drive, Campbell completed recruit training July 6 at the Marine Corps Recruit Depot, San Diego, Calif. The ten-week course included instruction in all basic military subjects and the firing of all basic infantry weapons.

The ethics which guide thought spiritually must benefit every one.
—Mary Baker Eddy

County May Set up Smog Services for Bay Area Group

Santa Clara County's air pollution control machinery and technicians may be called upon to provide services for the first few months of the six-county Bay Area program for fighting air pollution beginning October 1.

The District Board of Directors, meeting at the World Trade Center recently, called for a study of the facilities now being used in Santa Clara County and how they may be used by the six-county district in the early phases of its program.

Francis Dunn Jr., Alameda County Supervisor and Chairman of the newly-organized control district, directed District Legal Advisor, Matthew Walker to prepare a proposal, for the Board's later consideration, which would make Santa Clara County's experienced personnel available to the new control officers for a period of at least three months beginning the first of October. At that time, the new district becomes a legal governmental agency for the purpose of clearing up the Bay Area's besmudged atmosphere.

The offer of Santa Clara County's facilities was presented to the Board by Supervisor Sam Della Maggiore, Los Altos Councilman A. Watson Conner, and Dr. Elwyn Turner, county health officers who established an air pollution control program in his department five years ago when efforts failed in obtaining a Bay Area Control Organization.

Opposition to the proposal was voiced by District Vice Chairman William C. Blake and Mrs. Clarissa S. McMahon, supervisors from San Francisco.

"The district does not yet have a control officer," Blake pointed out. "It will likely be at least another month before the full-time control officer is hired. After that, he will need at least three months to get his feet on the ground. Meanwhile, I think Santa Clara County should continue operating as it has in the past until the control officer decides which of the services and facilities of the six counties he wants to use."

ARRESTS

The California Highway Patrol made 305,242 arrests during the first five months of 1956 as compared with 323,701 arrests during the first five months of 1955, reports the National Automobile Club. This represented a decrease of 18,459 or 5.7 per cent.

LEGAL NOTICE

RESOLUTION NO. 324

BEING A RESOLUTION AND NOTICE OF INTENTION TO ANNEX CERTAIN UNINHABITED TERRITORY CONTIGUOUS TO CITY OF CAMPBELL, DESIGNATED AS CAMPBELL ANNEXATION 1956-5, AND FIXING TIME AND PLACE OF HEARING, PURSUANT TO PROVISIONS OF ANNEXATION OF UNINHABITED TERRITORY ACT OF 1939 AS AMENDED.

WHEREAS, the City Council of City of Campbell has received a written petition from the owners of not less than one-fourth (¼) of the area and of the assessed value of certain contiguous uninhabited territory, according to the last preceding equalized assessment roll of the County of Santa Clara, State of California in which such territory is situate; and

WHEREAS, said petition requests the annexation of said uninhabited territory as defined in the Government Code of California, to the City of Campbell, a municipal corporation; and

WHEREAS, the said petition contains a description of the said uninhabited territory sought to be included in such municipal corporation; and

WHEREAS, the proposal for the annexation of said uninhabited territory to the City of Campbell has been submitted to the Boundary Commission of the County of Santa Clara, State of California, and that the boundaries thereof have been approved and certified as to their correctness by said Boundary Commission.

WHEREAS, the City Council finds and determines that it is for the best interest and general welfare of the people of the City of Campbell that said property referred to and hereinafter particularly described, be annexed to the City of Campbell; and

WHEREAS, the City Council desires to designate said annexation as Campbell Annexation 1956-5 as the appropriate name by which said annexation shall hereafter be referred; and

WHEREAS, the City Council desires to annex the said territory to the City of Campbell, California; and

WHEREAS, there has been compliance with all other statutory requirements provided by the "Annexation of Uninhabited Territory Act of 1939", as amended.

NOW, THEREFORE, BE IT RESOLVED by the City Council of City of Campbell that it is its intention to annex to said City pursuant to the provisions of the Annexation of Uninhabited Territory Act of 1939, as amended, the territory, commonly known and designated herein as Campbell Annexation 1956-5, the boundaries of which are more particularly described as follows, to wit:

All that certain parcel of land situate in the County of Santa Clara, State of California, described as follows:

Beginning at the northeast corner of that certain parcel of land conveyed by Harry F. Evans, et ux, to Walter I. Sano, by Deed dated October 21, 1952, and recorded October 30, 1952, in Book 2517 of Official Records, page 215, Santa Clara County Records, in the west line of Camden Avenue; running thence along the northerly, easterly and northerly line of said parcel of land, westerly, northerly and westerly to the northwest corner thereof in the southeast line of the lands of the Southern Pacific Railroad Company; running thence along said last named line, southwesterly to the intersection thereof with the northeasterly line of Parr Avenue (50 feet wide) as shown lying along the southwesterly line of Lot 10 of the subdivision of the Mrs. W. J. Parr Tract, a map of which is filed for record in Book E. of Maps, page 63, Santa Clara County Records; thence southeasterly along the said northeasterly line of Parr Avenue to the intersection thereof with a line parallel with and 205.00 feet perpendicular distant southeasterly from the said southeasterly line of lands of the Southern Pacific Railroad Company; thence along said parallel line northeasterly and 205.00 feet perpendicular distant southeasterly from said lands of the Southern Pacific Railroad Company to the intersection thereof with the easterly line of that certain 1.816 acre parcel of land conveyed by Ethel McBride, et vir, to Clifford C. Cunha, et ux, by Deed recorded April 7, 1952, in Book 2396 of Official Records, page 298, Santa Clara County Records; thence along the easterly line of said last named parcel of land southerly to the southeast corner thereof; thence running along the southerly prolongation of the easterly line of said 1.816 acre parcel of land southerly to the center line of that certain right of way described in Exhibit A attached to that certain Deed between Robert C. Herschbach, et ux, Grantor, and Max M. Kenney, et ux, Grantee, dated May 24, 1954, and recorded June 15, 1954, in Book 2895 of Official Records, page 492, Santa Clara County Records; thence running along the center line of said right of way easterly to the easterly line of the parcel of land described in said Exhibit A; thence running along said last named line southerly to the point of intersection thereof with the northerly line of that certain parcel of land conveyed by Carl A. Blaisdell, et ux, to Calvin D. Falcon, et ux, by Deed recorded April 25, 1956, in Book 3477 of Official Records, page 446, Santa Clara County Records; thence North 84° 26' West along a northerly line of said parcel of land conveyed to Calvin D. Falcon to a northwesterly corner thereof; thence South 5° 20' 40" West 135.57 feet to an angle point; thence North 84° 39' 20" West 158.71 feet to a northwesterly corner thereof; thence South 12° 11' East 41.95 feet to the southwesterly corner thereof; thence South 84° 39' 20" East 610.18 feet to the southeasterly corner thereof; thence North 19° 55' East 179.37 feet to the northeasterly corner of said parcel of land described in Deed to Falcon, said point being also on the westerly line of that certin 1.332 acre parcel of land described as Parcel No. 1 in that certain Deed from Jessie H. Turner, et vir, to Santa Clara Gravel Co., a corporation, recorded August 29, 1929, in Book 475 of Official Records, page 577; thence running northeasterly along said westerly line to the point of intersection thereof with the southerly line of that certain parcel of land conveyed by Robert C. Herschbach, et ux, to Herbert H. Todd, et ux, by Deed dated September 1, 1954, and recorded September 3, 1954, in Book 2952 of Official Records, page 547, Santa Clara County Records; thence running along the southerly and southeasterly lines of said parcel of land so conveyed to Todd, easterly and northeasterly to the point of intersection of said southeasterly line of the Todd parcel with the southerly line of the appurtenant right of way described in said Deed to Todd, as "Second" Right of Way; thence running along said right of way easterly to the point of intersection thereof with the westerly line of Camden Avenue; thence running along the west line of Camden Avenue, northerly to the southeast corner of that certain parcel of land conveyed by Sam W. Bryan, unmarried man, to Pauline Barry by Deed recorded in Book 3239, Official Records, page 103, Santa Clara County Records; thence running along the southerly line of said parcel of land so conveyed to Barry, westerly to the southwest corner thereof; thence running along the westerly line of and along the northerly prolongation of the westerly line of said parcel of land so conveyed to Barry, northerly to the southerly line of said parcel of land so conveyed to Sano; thence running along the southerly line of said Sano parcel, easterly to the southeast corner thereof in the west line of Camden Avenue; thence running along the westerly line of Camden Avenue, northerly to the point of beginning.

BE IT FURTHER RESOLVED, AND NOTCE IS HEREBY GIVEN, that Monday, the 13th day of August, 1956, at 8:30 p.m. of said day, at the Council Chambers of City of Campbell in the Country Women's Club House, on the southwest corner of First Street and Campbell Avenue in City of Campbell, are hereby fixed as the time and place for the hearing of written protests and objections to the said proposed annexation which said protests shall state the names of all the owners of the property affected, and the description and area of the property in general terms.

BE IT FURTHER RESOLVED that a copy of the Resolution and Notice be published once a week for two successive weeks in the Campbell Press, a newspaper of general circulation, published in said City, and once a week for two successive weeks, in the Los Gatos Daily Times-Saratoga Observer, a newspaper of general circulation, published in the County of Santa Clara, California, and that the City Clerk forthwith mail a written notice of the proposed annexation to each person to whom land within the territory proposed to be annexed is assessed in the last equalized county assessment roll or as known to said Clerk and to any person who has filed his name and address of the lands in which he has any interest, either legal or equitable with said Clerk.

PASSED AND ADOPTED this 2nd day of July, 1956, by the following vote:

PLANNING ON PLANTING?

GARDENER'S CHECK LIST

By The California Association of Nurserymen

REMINDERS

1. Watch for aphids on Roses and Chrysanthemums.
2. Be sure to keep Camellias, Azaleas and Rhodendrons moist at all times.
3. Water all plants deeply—the water should penetrate to the full extent of the root system.
4. Always water lawns with a stationary sprinkler. Sprinklers held by hand are likely to result in only superficial wetting.
5. Why pull weeds? There are chemical weed killers which can be used effectively in most situations.

Summer Care of Lawns

Mid-summer brings hot weather to most parts of California and hot weather means trouble for grass lawns. Mid-summer's heat, however, is not the only cause of lawn-trouble says the California Association of Nurserymen for the dry, brown spots and general unhealthy condition of your lawn can be caused by lawn moth, packed soil, fertilizer burn and even by poor watering methods.

Lawn Moth and its larvae destroy lawns by feeding on them. You can determine if this insect causes your particular trouble by applying a solution made up of 2 tablespoons of pyrethrum in a gallon of water to two square yards of your lawn making sure this test includes both green and brown areas. If moths are present, this solution will bring them to the surface. You may then kill the moth and its larvae with lead arsenate, chlordane or diedrin sprays each of which will be effective for a month or more with each application. Lead arsenate is mildly toxic and should be used carefully, especially if persons susceptible to lead poisoning are likely to be near the lawn.

Packed soil is a common cause for unhealthy and unattractive lawns especially in areas where adobe and clay soils predominate. A general browning-out and lackluster appearance is a good indication that the soil beneath your sod is packed and thus impenetrable. Packed soil can be corrected by applications of a commercial liquid soil-conditioner which loosens the packed soil or by a commercial dry chemical corrector. The latter must be thoroughly worked into the soil with a rake followed by a thorough watering. Hand spiking instruments are also effective for breaking up hard soil and for deep-watering; however, the dry chemical method is perhaps easier and in general more satisfactory.

Year-round efforts to build a healthy sod should be intensified during the summer. During the hot season, cut your lawn at least once a week allowing the clippings to fall onto the lawn. These clippings dry and decompose forming a moisture holding barrier against the sun. If you have not followed this procedure before, you may accomplish the same purpose by spreading a layer of peat moss over your lawn and watering it down.

Lawns also need feeding every three or four months with a good fertilizer. If the general wear and tear and the heat have caused your lawn to deteriorate, move up your scheduled feeding to correct it. If you are not now following a feeding schedule, consult your nurseryman and select a fertilizer. To avoid fertilizer burn, be careful to follow the directions on the package. Never fertilize wet grass for this is likely to cause burn even when the correct amounts are used. Apply the fertilizer when the grass is dry and water heavily immediately afterward. Should you happen to over-fertilize and the lawn begins to burn, soak the area thoroughly to flood out the excess fertilizer.

Form good watering habits and your lawn will look all the better for it. By watering thoroughly but less frequently you will encourage the grass roots to go deep and thus draw nourishments from a greater depth. Always water more frequently during hot spells. Early morning watering normally gives the best results.

Lawns can be green and still be unhealthy if troubled by weeds. Today's weeds have a mortal enemy in 2-4-D. This herbicide is available in many commercial preparations and provides effective weed control. Follow the manufacturer's instructions for application making sure it doesn't drift onto nearby broad-leafed annuals, perennials, shrubs or vegetables.

Summer Cut Flowers

A good part of the enjoyment most gardeners get from raising summer flowers is the pleasure of cutting colorful bouquets for indoor arrangements. The nice thing about many summer flowers is that they beautify equally well outside in their natural state and inside in cut bouquets.

Rated one of the finest of all flowers for cutting by the California Association of Nurserymen, the Transvaal Daisy (Gerbera Jamesonii) gives you bouquets of single or double flowers in yellow, cream, pink, coral, rose, orange and red.

Plant the Transvaal Daisy in full sun in mild areas and half shade in hot climates. It will bloom continuously from May to December reaching peaks in early summer and late fall.

The Wonder of Stafa (Aster Frikarti) grows to one and a half feet with lavender-blue daisy-like flowers set amidst gray green foliage. This perennial provides flowers for cutting from April to December and in mild climates bloom almost all year if left unpruned. It does well throughout the state.

A trio of outstanding cut flowers for summer that should never be forgotten, the Snapdragon (Antirrhinum), the Zinnia and Stock (Mathiola) bring an array of many lovely colors to the summer garden. The Snapdragon, a short-lived perennial usually treated as an annual, grows in varying heights from six inches to four feet and in shades of pink, rose, copper, crimson and yellow. Plant it in cool-growing conditions. It does best in cool areas of the state.

The Zinnia is an excellent hot weather annual available in dwarf to giant sizes in every color except blue. Give it full sun.

Stock prefers a cool garden home similar to the Snapdragon's. Light, well-drained soil is best for it. Fragrant white, rose, pink, purple, red and cream spikes bloom in the summer and on into the winter.

Shrubs for Ground Cover

On hillsides, under spreading trees, in hot, dry spots, in colorless areas, few plant-types will serve as well as a ground cover. Fast growing shrubs, too, often make outstanding ground covers and quickly brighten a garden spot where no other plant can grow.

For the milder areas, such a shrub is the Coprosma Kirkii, a low-growing species of the Mirror Plant. Rapid growing, it makes a fine deep ground cover if it is pinched back. St. Johnswort in its spreading form is called Aaron's Beard (Hypericum calycinum) and it is another good shrub selection for covering the ground. Its foliage is green or yellow-green and it produces bright yellow flowers in summer.

Several prostrate species of the Juniper fill in quickly to provide a pleasing light green or blue green low foreground for other plants. Juniperus conferta, the Shore Juniper, grows one to two feet high, an informal mat of blue-green needle-like foliage. As its popular name indicates, it will tolerate salt spray and submergence. The Tamarix Juniper (J. Sabina tamariscifolia) grows only 18 inches high and it has needle and scale-like leaves in light green.

In sun or shade, dry or moist soil, the Bearberry Cotoneaster (Cotoneaster Dammeri) makes a handsome woody evergreen ground cover. Good for close up viewing, it is neat all year round.

Look into the many planting possibilities of shrubs as quick ground covers, recommends the California Association of Nurserymen. For the most part they're easy to care for and will make your garden and yard more attractive.

ORDINANCE NO. 104

AN ORDINANCE OF CITY OF CAMPBELL AMENDING ORDINANCE NO. 8, BEING A DOG LICENSE ORDINANCE: BY ADDING SECTION 11:01A PROVIDES FOR ANTI-RABIES VACCINATION PRIOR TO LICENSING, AND DECLARES THE SAME TO BE AN EMERGENCY MEASURE, ALL FORMING PART OF ARTICLE IV ENTITLED HEALTH AND SANITATION OF THE CAMPBELL MUNICIPAL CODE.

The City Council of City of Campbell does ordain as follows:

SECTION ONE: That Ordinance No. 8, being an ordinance providing a license tax on dogs; creating the position of poundmaster and prescribing his powers and duties; regulating the keeping and running at large of animals and the control and disposition of dead animals making the provisions of said ordinance unlawful and creating penalties therefor, all forming part of Article IV of the Campbell Municipal Code, be and the same is hereby amended to add thereto, a new section; to wit:

SECTION 1101-a: No dog shall be licensed pursuant to the provisions of Section 11:00 herein unless the owner of such dog shall present a certificate signed by a licensed doctor of veterinary medicine certifying that such dog has been vaccinated with an approved anti-rabies vaccine which will provide protection against rabies during the period for which the license is to be issued. This provision shall remain in effect until such time as the City Council finds by Resolutioon that the City of Campbell is no longer in a rabies endemic area.

SECTION TWO: This ordinance is hereby declared to be an urgency measure and shall be in full force and effect immediately upon its adoption. The facts constituting such an urgency are as follows:

Pursuant to the provisions of Section 1902 of the California Health and Safety Code and Subdivision (e) of Section 2606, Title 17 of the California Administrative Code, the total area of Santa Clara County including all incorporated areas have been declared a "rabies endemic area". In order to prevent the spread of rabies among animals and to avoid the possibility of human beings becoming infected, it is imperative that a county wide control program be initiated. Conditions are such as to require the immediate immunization of dogs, and accordingly the City Council of City of Campbell, based upon the reports of the County and City Health Officers, finds, that the adoption of this ordinance as an urgency measure is necessary for the immediate preservation of the health, safety and general welfare of the people of Campbell.

PASSED AND ADOPTED this 16th day of July, 1956, by the following vote:

LEGAL NOTICE

CERTIFICATE OF DOING BUSINESS UNDER A FICTITIOUS NAME
No. 8425

KNOW ALL MEN BY THESE PRESENTS:

THIS IS TO CERTIFYY that the undersigned are transacting a general beauty salon business and services related thereto in the City of Campbell, County of Santa Clara, State of California, under a designation not showing the names of the owners thereof, to wit:

MODERN HAIR DRESSERS

That the only persons interested in the said business are VIOLA D. KRUG and GILBERT H. KRUG, 13211 Berwick Street, Saratoga, California; that the principal place of business and office where the said business is located is at 726 North San Jose-Los Gatos Road, Campbell, California.

IN WITNESS WHEREOF, the undersigned have hereunto set their hands this 29th day of June, 1956.

VIOLA KRUG
GILBERT H. KRUG

STATE OF CALIFORNIA)
)ss
COUNTY OF SANTA CLARA)

On this 29th day of June, 1956, before me a Notary Public in and for the County and State aforesaid, residing therein, duly commissioned and sworn, personally appeared VIOLA D. KRUG and GILBERT H. KRUG, known to me to be the persons described in and whose names are subscribed to the within instrument and acknowledged to me that they executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal the day and year in this certificate first above written.

(Seal)

FALLOUT CLOUD could look much like this artist's conception following an attack on a target city, such as the 76 target areas which will be assumed hit during Operation Alert, 1956 (July 20-26). Radioactive dust in the bomb's mushroom could be blown 200 miles or more downwind from the blast area, covering the countryside with radioactive material which for days could bring injury or possibly death to anyone not under cover. In rural areas, a basement, root cellar or "cyclone shelter" would be the best shield from radiation. Such a shelter should have food and water for at least seven days, and a battery-operated standard radio to receive emergency instructions from civil defense broadcasts.

Patrol Suggests Use of Common Sense on Trips

Pack a lot of commonsense in your vacation trip says Capt. E. Tressler, Commander of the San Jose Area Office of the California Highway Patrol.

"Vacation time too often includes last minute problems and delays followed by excessive speed and recklessness on the highway in an effort to make up lost time," declared Capt. Tressler. "So called minor violations by drivers in a hurry can lead to major accidents and deaths cutting short well earned vacations."

The Patrol suggest you check the following tips and add them to your vacation list for more fun and a safe journey.

1. Plan well so you will not need to hurry.
2. Obey all traffic laws, signs and signals even if you are late.
3. Don't try to break a distance record the first day.
4. Load your car properly and avoid blocking your vision.
5. Remember, material tied to the outside can cause trouble so use a trailer if you have too much for the car.
6. If you use a trailer, remember the speed limit is 45 miles per hour unless a lower speed is posted.
7. Do not mix drinking with your driving.
8. Drive at a reasonable speed and stay in the right lane on multi-lane highways.
9. Never use parking lights for driving—use your headlights, even at dusk.
10. Make courtesy your campanion and bring yourself and family back alive.

Railroad Picnic Excursion Takes Place August 5

A railroad picnic excursion, reminiscent of those popular many decades ago, will be run on August 5 to Henry Cowell Redwood State Park, formerly known as Big Trees.

The picnic train, sponsored by four Bay Area railfan organizations, will leave the Southern Pacific Depot at San Jose at 9:25 a. m. as part of Espee's Weekly Sun Tan Special. At Santa Cruz, the picnic cars will be separated from this train and continue up the steep grade to the park where tables have been reserved for the excursionists.

The train will leave the park at 4 p.m. and will pause in Santa Cruz on the return trip long enough for excursionists to have dinner or a stroll on the boardwalk.

As far as Watsonville, the special will be pulled by a "Daylight" type steam engine, and Donald Tustin, chairman of the outing, notes that this may be the last year the annual excursion will be powered by a steam locomotive as the SP rapidly is nearing its goal of 100 per cent dieselization.

Sponsors of the outing are Pacific Coast Chapter, Railway and Locomotive Historical Society, California-Nevada Railroad Historical Society, Northern California Railroad Club and Central Coast Railway Club.

Tickets may be purchased from the SP ticket office at San Jose. Fare from San Jose is $2.50 with children under 17 half fare and under 9 free.

Traffic Accidents At Intersections Get Top Billing

Intersections are one of the most frequent areas of traffic accident potential says the California Highway Patrol.

"With nearly one-third of all traffic accidents occurring at intersection, extreme caution is necessary at every corner," declared Ross R. McDonald, Deputy Commissioner of the Patrol. "Last year nearly 64,000 traffic accidents in California occurred at some intersection.

"In most intersection accidents, right-of-ways are violated resulting in two or more vehicles colliding," McDonald continued. More observance of the right-of-way laws and a lot more courtesy will help eliminate these accidents.

Traffic signals, stop signs, yield signs and caution signs are used to indicate the more hazardous intersections and failure to heed these signs and signals can and often does get a driver into accident trouble," he said. "The safest method is to approach every intersection with caution and consideration for the other fellow, yielding the right-of-way rather than demanding an accident chance."

Employers Must File Insurance Report July 31

Tuesday, July 31, is the deadline for filing California Unemployment Insurance wage reports and paying state unemployment insurance taxes for the second quarter of 1956, Thomas C. Clark, Auditor-in-charge for the State Department of Employment in San Jose this week reminded employers.

Employers who fail to file wage reports and pay second quarter taxes on or before July 31, will reduce their chances of receiving a lower rate next year. Clark pointed out that it is not possible to use payments made after July 31 in computing employer tax rates that range from zero to 2.7 percent. In addition, penalty and interest will be charged if the report is filed after the deadline.

Employers needing assistance in preparing their returns may contact Clark at 96 Santa Teresa St., San Jose, or by telephoning CYpress 4-3434.

G.O.P Convention Creates Problems In Communications

There's been nothing like the Republican Convention to bring up problems in communications, be it telephone, teletype or television.

TV channels to the Cow Palace, scene of the San Francisco convention, have been increasd from two to 40.

Some 1000 telephone circuits were installed where there were only a few at strategically located points.

Add to this some 200 radio channels, 335 lines for teletype sets, 20 telephoto circuits, and you get an idea of the mammoth job faced by Pacific Telephone so the nation could follow the GOP activities.

The telephone company not only met customer demands for the convention but at the same time made needed additions to its permanent facilities.

For example, construction jobs previously scheduled were pushed ahead to benefit both convention goers and regular telephone customers.

In this group were the new San Francisco-Los Angeles coaxial cable, and the Sacramento-Portland microwave system which will carry convention telecasts to millions and also open hundreds of new long distance telephone circuits along the west coast.

And the temporary communications equipment, such as extra phone booths, teletype sets and microwave transmitters, will be reused in other telephone company projects once the Republuican delegates head for home.
